SECURITY AND SOURCE OF PAYMENT FOR THE BONDS

Payment of principal and interest and premium, if any, on the District’s Ad Valorem Tax Bonds is secured by an irrevocable prior lien on the first proceeds, collected by the District, from Ad Valorem Taxes levied at a rate not exceeding 30 mills on the dollar, per annum, on the assessed value of all taxable property in the District. The Ad Valorem Tax Bonds are issued on a parity. The District’s outstanding Ad Valorem Tax Bonds have equal lien on the Ad Valorem Taxes collected by the District, and with any subsequent series of Additional Bonds as authorized under the Bond Resolution. For the Fiscal Year ended September 30, 2013, the District levied Ad Valorem Taxes at the rate of 11.0813 mills, of which 3.4813 mills is for the payment of debt service on outstanding bonds and 7.6000 mills is for the payment of the general operations of the District. For the Fiscal Year ending September 30, 2014, the District has set an Ad Valorem Tax rate of 11.8053 mills, of which 4.3008 mills is for the payment of debt service on outstanding bonds and 7.5045 mills is for the payment of the general operations of the District.

The District covenants to levy each year such millage, not exceeding 30 mills on each dollar of assessed valuation of the property within the District, as will produce a sum equal to the amounts required to be deposited in the Sinking Fund in such Fiscal Year. If, in any Fiscal Year, the Ad Valorem Taxes actually collected shall be less than the amount required, then the amount of the deficit shall be added to the amount of Ad Valorem Taxes required to be levied in the next succeeding year or years; such tax, however, shall not exceed 30 mills in any Fiscal Year.

TAXATION

Ad Valorem Taxes

The Board of Supervisors of the District has the power, under the Enabling Act, to levy and assess an ad valorem tax on all taxable real and tangible personal property in the District, to provide for sinking or other funds in connection therewith, and to defray the cost of the District projects and activities. Such taxes are in addition to any county or municipal ad valorem taxes.

The Board of Supervisors of the District sets the millage rate to be applied against taxable property in the District. The bills are mailed to property owners on or about November 1 each year. The taxpayer is entitled to a 4% discount if taxes are paid in November; a 3% discount if paid in December; a 2% discount if paid in January next following; and a 1% discount if paid in February. Taxes may also be paid in installments over a four-month period ending in the March next following the November levy; in such cases the taxpayer is not allowed a discount. Taxes unpaid as of April 1 become delinquent and are subject to penalty, interest and the issuance of a tax deed and foreclosure in accordance with laws of the State of Florida. Delinquent District taxes, tax sales certificates, and penalties and costs relating thereto constitute a lien in favor of the District of equal dignity with the liens of state and county taxes.

Ad Valorem Taxes of the District are based on the assessed valuation for county taxes of tangible real and tangible personal property in the District. Property is valued for tax purposes as of January 1 of each year. Valuation is based on the fair market value of the property, taking into account actual use (agriculture, commercial, etc.) and applicable zoning and other use restrictions. Certain property, including property owned by the District itself, homesteads and other types of property are by law exempt from Ad Valorem Taxes.

In June, 2007 the State of Florida Legislature passed House Bill 1B which limits county, city and special district property taxes in fiscal year 2007- 2008 and will limit growth in these taxes in future years to the growth in Florida's economy. These limits pertain only to the levy of the operating portion of the District's ad valorem tax millage. In January, 2008 the State of Florida passed Amendment 1 to the Constitution which pertains primarily to exemptions on the assessed values of residential real estate and contains certain exemptions for tangible personal property. Due to the fact that the District's tax roll consists primarily of commercial real estate, there have been no material effects, from this legislation, on the District's property assessments.

Basis of Valuation

Property owners are notified of increases in valuation on or before each July 1, and may take an appeal to the County Value Adjustment Board which meets the following September. Assessments are subject to review and adjustment by the County Value Adjustment Board, and by the Department of Revenue of the State of Florida.

The following table sets forth total taxable assessed property for the District as well as millage rates and total tax levies for the District for the Fiscal Years ended and ending September 30, 2004 through 2014 (for information concerning total Ad Valorem Taxes collected, see "Taxation--Collection of District Taxes"):

(1) Net of prepayment discounts and other deductions. See "Taxation -- Ad Valorem Taxes".

(2) It is the goal of the District to maintain an ending fund balance to provide adequate funds to operate the following year until taxes are collected. If in one year a major project or some large capital purchases are postponed, a deficiency in the next year's operations is planned to reduce the fund balance to the desired level.

(3) Consists of the combined fund balances of the General Fund and Debt Service Funds. Certain amounts are reserved for specific purposes such as capital projects and debt service. Refer to the Annual Financial Report for details.

Osceola Parkway Bonds

In July of 1992, Osceola County issued \$149,999,313 Osceola County, Florida Transportation Improvement Bonds ("the Prior Osceola Bonds") for the construction of the Osceola Parkway, a toll road that was constructed to improve the transportation systems in certain areas of Osceola County and the District. In connection with the issuance of the bonds, the District entered into a Bond Guaranty Agreement which required the District to make certain funds available for debt service on the Prior Osceola Bonds if operations of the toll road were insufficient to meet scheduled debt service.

In January 2004, the Series 2004A Bonds were issued by the District to refinance, together with proceeds from the Osceola County Transportation Improvement Refunding Bonds (Osceola Parkway Project), Series 2004 (the "Series 2004 Osceola Bonds") and the Prior Osceola Bonds. At the time of the refinancing of the Prior Osceola Bonds, the District entered into a new Bond Guaranty Agreement dated as of December 1, 2003. The Bond Guaranty Agreement is a continuing guaranty of payment and not of collection. The obligations of the District under the Bond Guaranty Agreement are stated to be absolute and unconditional and to remain in full force and effect until the entire principal of and interest on the Series 2004 Osceola Bonds and any bonds issued to refinance such bonds are paid. The obligation of the District to make the payments required by the Bond Guaranty Agreement is junior and subordinate to the obligations of the District with respect to its Bonds, and any other obligations issued on parity therewith by the District as permitted by the Bond Guaranty Agreement.

Pursuant to an Amended and Restated Osceola Parkway Development Agreement (the "Parkway Agreement") dated as of December 1, 2003 by and among Osceola County, the District and other landowners, Osceola County agreed to reimburse the District for amounts advanced under the Bond Guaranty Agreement. Osceola County has agreed to repay the debt service of the District's Series 2004A Bonds and any guarantee payments that are required along with accrued interest from excess toll revenues, if any, when they become available. The reimbursement payments will terminate on April 1, 2034 unless Osceola County decides to continue to collect tolls on the Osceola Parkway.

The original indenture and all supplements are collectively referred to as the "Indenture".

SECURITY AND SOURCE OF PAYMENT FOR THE BONDS

Payment of principal or premium, if any, or interest on the District's Utilities Revenue Bonds is secured by and payable solely from the Net Revenues derived by the District from the ownership or operation of the System and from the amounts deposited in certain funds and accounts established under the Indenture. The District's outstanding Utilities Revenue Bonds have equal lien on the net revenues of the system, and with any additional bonds issued pursuant to Section 7.10 of the Indenture.

Pursuant to the Indenture, the District has covenanted that it will take all lawful measures to fix, establish, maintain and collect such fees, rates, rentals, and other charges for the services and facilities of the System. Neither the faith and credit nor the taxing power of the District or the State of Florida or of any political subdivision thereof is pledged to the payment of the principal of or premium, if any, or interest on the District's Utilities Revenue Bonds. The District's Utilities Revenue Bonds shall not be deemed to constitute a general indebtedness, liability or obligation of the District or the State of Florida or any political subdivision thereof. The District is not obligated to levy any Ad Valorem Taxes thereof or to use any other funds of the District to pay the principal of or premium, if any, or interest on the Bonds.
