WHEREAS, the economic progress and well-being of the people of Florida depend in large measure upon the many visitors and new residents who come to Florida from other parts of the United States and elsewhere to enjoy its beneficial climate, scenic beauty and natural resources and the many man-made attractions, sports and recreation facilities and economic opportunities offered to them in Florida; and

WHEREAS, tourists and other temporary visitors have for many years constituted a major source of income for the people of Florida, and the growing annual inflow of such visitors, together with the steady increase in the number of newcomers making Florida their permanent home and the many new industries that in recent years have been established in Florida, are largely responsible for the unprecedented high level of prosperity that has been attained by the people of Florida; and

WHEREAS, in order to assure the future welfare and continued prosperity of Florida and its people, Florida must continue to attract temporary visitors, permanent residents and

new industries and offer to the public outstanding vacation, sports and recreation facilities and residential communities; and

WHEREAS, in light of the recent advances in technology and the rapidly increasing speed and capacity of modern air carriers, which have made accessible and led to the development of many new year-round resorts and recreation-oriented communities in other states and parts of the world that vie with Florida for the tourist trade, the maintenance of Florida's prosperity and its leadership as a tourist state make it imperative that appropriate measures be taken to promote the conservation of natural resources and attractions, the creation of vacation, sports and recreation facilities and residential communities of high quality and the utilization of the many technological advances achieved by American industry in developing new concepts in community living and recreation; and

WHEREAS, the conservation of natural resources and attractions, the creation of favorable conditions for the development of high-quality vacation, sports and recreation facilities and residential communities and the utilization of new concepts, ideas, designs and technological advances in the establishment of such facilities and communities are valid public purposes and the legitimate concern of special taxing districts created for that purpose; and

WHEREAS, there has heretofore been established by proceedings under chapter 298, Florida Statutes, a drainage district, known as the Reedy Creek Drainage District, encompassing a large tract of land located in the southwestern part of Orange County and the northwestern part of Osceola County; and

WHEREAS, it is the intention of the Legislature through the within enactment to supplement, expand and otherwise modify the powers, functions and authorities of the Reedy Creek Drainage District, which shall hereafter be known as the Reedy Creek Improvement District, so as to enable that district to undertake the improvements herein provided for, to promote and create favorable conditions for the development and practical application of new and advanced concepts, designs and ideas for a recreation-oriented community and to undertake, and enable enterprises conducted within the District to undertake, a broad and flexible program of experimentation and development; and

WHEREAS, the objectives and purposes of the Reedy Creek Improvement District shall be to provide for the reclamation, drainage and irrigation of land, to establish water, flood and erosion control, to provide water and sewer systems and waste collection and disposal facilities, to provide for mosquito and other pest controls, to provide public airport, recreation, and parking facilities, to advertise, to provide for public transportation and public utilities, to create and maintain conservation areas and wild-life sanctuaries within the District, to provide streets, roads, bridges and street lighting facilities, to adopt zoning and building codes and regulations, and to exercise all of the other powers and authorities provided for in this Act; and

WHEREAS, the Legislature hereby finds and declares that the several powers and authorities provided for in this Act are each valid and independent objectives and purposes of the Reedy Creek Improvement District and essential to the accomplishment of the purposes of this Act; and

WHEREAS, the Legislature further finds and declares that the purposes of this Act cannot be realized except through a special taxing district having the powers hereinafter provided and that the operation of the District and its facilities and services and the exercise by the Board of Supervisors of the District of the powers and authorities provided for herein are necessary for the convenience, comfort and welfare of the District and all its inhabitants and landowners, will benefit all properties, persons and enterprises within the District, and constitute a valid public purpose;

NOW, THEREFORE,

*Be It Enacted by the Legislature of the State of Florida:*

**Section 1.**

Section 1. *Creation of the District Ratified and Approved; Change of Name of District to Reedy Creek Improvement District; Boundaries Defined.*—The decree of the Circuit Court in and for the Ninth Judicial Circuit of the State of Florida, entered in chancery No. 66-1061, on the 13th day of May, 1966, creating and incorporating the Reedy Creek Drainage District as a public corporation of this State, and all subsequent proceedings taken in the Circuit Court concerning that District, are hereby ratified, confirmed and approved, except that the boundaries of said District henceforth shall be as provided in this Act. The Reedy Creek Drainage District shall henceforth be known by the name of Reedy Creek Improvement District, and shall continue to be a public corporation of this State and have perpetual existence. All lawful debts, bonds, obligations, contracts, franchises, promissory notes, audits, minutes, resolutions and other undertakings of the Reedy Creek Drainage District are hereby validated and shall continue to be valid and binding on the Reedy Creek Improvement District in accordance with their respective terms, conditions, covenants and tenor. All taxes heretofore levied by the Board of Supervisors of the Reedy Creek Drainage District on lands within the boundaries of the Reedy Creek Improvement District shall continue to be effective, binding and collectible and a lien on such lands in accordance with the provisions of this Act, provided that any such taxes levied on any lands within the boundaries of the Reedy Creek Drainage District as heretofore organized but not within the boundaries of the Reedy Creek Improvement District as herein established shall be of no further force and effect with respect to lands not included within the Reedy Creek Improvement District and shall not constitute a lien on such lands, and any such tax heretofore collected with respect to such lands shall be refunded. Any proceeding heretofore begun by the Reedy Creek Drainage District under chapter 298, Florida Statutes, or any other law, for the construction of any improvements, works or facilities, for the assessment of benefits and damages or for the borrowing of money shall not be impaired or avoided by this Act, but may be continued and completed in the name of the Reedy Creek Improvement District. All proceedings for the condemnation of land heretofore brought by the Reedy Creek Drainage District may be continued and

completed in the name of the Reedy Creek Improvement District. The Reedy Creek Improvement District shall include within its territorial boundaries all of the lands within the following-described boundaries:

In the event of a conflict between the provisions of this Act and the provisions of any other law, now existing or hereafter enacted, the provisions of this Act shall control to the extent of any such conflict unless such enactment shall specifically repeal or amend the provisions of this Act.

**Section 3.**

Section 3. *Definitions.*—Unless the context shall indicate otherwise, the following words as used in this Act shall have the following meanings:

(1) "Airport facilities" means airport facilities of all kinds including, but not limited to, landing fields, hangars, shops, terminals, buildings and all other facilities necessary or desirable for the landing, taking off, operating, servicing, repairing and parking of aircraft and helicopters, and the unloading and handling of passengers, mail, express and freight, together with all necessary appurtenances and equipment and all properties, rights, easements and franchises relating thereto and deemed necessary or convenient by the Board of Supervisors in connection therewith.

(2) "Assessable improvements" includes without limitation any and all drainage and land reclamation works and facilities, sewer systems, storm sewers and drains, water systems, streets, roads or other projects of the District, or that portion or portions thereof, local in nature and of special benefit to the premises or lands served thereby, and any and all modifications, improvements and enlargements thereof.

(3) "Bond" includes "certificate", and provisions applicable to bonds shall be equally applicable to certificates. "Bond" includes general obligation bonds, assessment bonds, refunding bonds, excise tax bonds, revenue bonds, and such other obligations in the nature of bonds as are provided for in this Act, as the case may be.

(4) "Board of Supervisors" means the Board of Supervisors of the Reedy Creek Improvement District, or if such District shall be abolished, the board, body or commission succeeding to the principal functions thereof or to whom the powers given by this Act to the Board of Supervisors shall be given by law.

(5) "Cost", when used with reference to any project, includes, but is not limited to, the expenses of determining the feasibility or practicability of acquisition, construction or reconstruction; the cost of surveys, estimates, plans and specifications; the cost of acquisition, construction or reconstruction; the cost of improvements; engineering, fiscal and legal expenses and charges; the cost of all labor, materials, machinery and equipment; the cost of all lands, properties, rights, easements and franchises acquired; Federal, State and local taxes and assessments; financing charges; the creation of initial reserve and debt service funds; working capital; interest charges incurred or estimated to be incurred on money borrowed prior to and during construction and acquisition and for such period of time after completion of construction or acquisition as the Board of Supervisors may determine; the

cost of issuance of bonds pursuant to this Act, including advertisements and printing, the cost of any election held pursuant to this Act and all other expenses of issuance of bonds; discount, if any, on the sale or exchange of bonds; administrative expenses; such other expenses as may be necessary or incidental to the acquisition, construction or reconstruction of any project or to the financing thereof, or the development of any lands within the District; and reimbursement of any public or private body, person, firm or corporation for any moneys advanced in connection with any of the foregoing items of cost. Any obligation or expense incurred prior to the issuance of bonds in connection with the acquisition, construction or reconstruction of any project or improvements thereon, or in connection with any other development of land that the Board of Supervisors of the District shall determine to be necessary or desirable in carrying out the purposes of this Act, may be treated as a part of such cost.

(6) "District" means the Reedy Creek Improvement District.

(7) "Landowner" means the owner of the freehold estate, as appears by the deed record, including private corporations having such an ownership interest, and shall not include reversioners, remaindermen, trustees (other than persons owning the freehold estate as of deed record) or mortgagees, who shall not be counted and need not be notified by publication, or served by process, but shall be represented by the present owners of the freehold estate in any proceeding under this Act or under chapter 298, Florida Statutes. For purposes of this Act the landowner of condominium parcels or property shall be the association responsible for the operation of the condominium.

(8) "Parking facilities" means lots, garages, parking terminals and other structures (either single or multi-level and either at, above or below the surface) for the off-street parking of motor vehicles, open to public use with or without a fee, including, but without limiting the generality of the foregoing, facilities for trucks and buses, waiting rooms, lockers, and, if deemed necessary or desirable by the Board of Supervisors, space to be leased for such uses as the Board of Supervisors may deem advisable, and all facilities appurtenant thereto, including on-street parking meters, and all property rights, easements and interests relating thereto which the Board of Supervisors deems necessary or desirable for the construction or operation thereof.

(9) "Plat" means a map or drawing, depicting the division of lands into lots, blocks, parcels, tracts, sites or other divisions, however the same may be designated.

(10) "Project" means any development, improvement, property, utility, facility, works, road, sidewalk, enterprise, service or convenience, including without limitation public transportation facilities and devices and telephone and other communication facilities and services, now existing or hereafter undertaken or established, that under the provisions of this Act or under chapter 298, Florida Statutes, the District is authorized to construct, acquire, undertake or furnish for

its own use or for the use of any other person, firm or corporation, owning, leasing or otherwise using the same, for any profit or non-profit purpose or activity, and shall include, without limitation, such repairs, replacements, additions, extensions and betterments of and to any project as may be deemed necessary or desirable by the Board of Supervisors to place or to maintain such project in proper condition for the safe, efficient and economic operation thereof.

(11) "Sewer system" means any plant, system, facility or property and additions, extensions and improvements thereto at any future time constructed or acquired as part thereof, useful or necessary or having the present capacity for future use in connection with the collection, treatment, purification or disposal of sewage, including without limitation industrial wastes resulting from any processes of industry, manufacture, trade or business or from the development of any natural resources; and, without limiting the generality of the foregoing, shall include treatment plants, pumping stations, lift stations, valves, force mains, intercepting sewers, laterals, pressure lines, mains and all necessary appurtenances and equipment, all sewer mains, laterals and other devices for the reception and collection of sewage from premises connected therewith, and all real and personal property and any interest therein, rights, easements and franchises of any nature whatsoever relating to any such system and necessary or convenient for the operation thereof.

(12) "Subdivision" means the division of a parcel of land, whether improved or unimproved, into two or more lots of parcels of land for the purpose, whether immediate or future, of transfer of ownership or building development where the subdivider advocates, proposes, suggests or exhibits a proposed plan, map or plat of development of the land or where the subdivider proposes to create a street, right-of-way or easement that joins or connects to an existing public street for ingress and egress, or to change an existing public street.

(13) "Waste collection and disposal system" means all the facilities of the District for the collection and disposal of garbage and other waste matter, except sewage but including liquid waste material from septic tank and grease trap systems, together with digested sludge from sewage treatment plants, and shall include all such facilities, including incinerators, composting plants or other means of disposal constructed or acquired pursuant to the provisions of this Act, or hereafter constructed or acquired by the District from any other source whatsoever.

(14) "Water and flood control facilities" means any canals, ditches or other drainage facilities, reservoirs, dams, levees, sluiceways, dredging holding basins, floodways, pumping stations or any other works, structures or facilities for the conservation, control, development, utilization and disposal of water, and any purposes appurtenant, necessary or incidental thereto, and includes all real and personal property and any interest therein, rights, easements and franchises of any nature relating to any such water and flood control facilities or necessary or convenient for the acquisition, construction, reconstruction, operation or maintenance thereof.

(15) "Water system" means any plant, system, facility or property and additions, extensions and improvements thereto at any future time constructed or acquired as part thereof, useful or necessary or having the present capacity for future use in connection with the development of sources, treatment, or purification and distribution of water for domestic or industrial use and, without limiting the generality of the foregoing, includes dams, reservoirs, storage tanks, mains, lines, valves, pumping stations, laterals, and pipes for the purpose of carrying water to the premises connected with such system, and all real and personal property and any interests therein, rights, easements and franchises of any nature whatsoever relating to any such system and necessary or convenient for the operation thereof.

(16) References in this Act to the territorial or corporate limits of the District mean such limits or boundaries as the same may from time to time be expanded, contracted or otherwise revised by law or in any proceedings taken under this Act, and any actions that may be taken by or on behalf of the District under this Act within the limits or boundaries of the District may be taken within such limits or boundaries as expanded, contracted or otherwise revised.

Section 4. *Board of Supervisors; Elections; Organization; Term of Office; Quorum; Annual Meetings, Report and Minutes.*

Section 4.

(1) The Board of Supervisors of the Reedy Creek Improvement District shall be the governing body of the District and shall, subject to the provisions of this Act, exercise the powers granted to the District under this Act and under chapter 298, Florida Statutes. The Board of Supervisors shall consist of five (5) members, and except as otherwise provided herein each member shall hold office for a term of four (4) years and until his successor shall be chosen and shall qualify. A majority of the members of the Board of Supervisors shall be residents of Orange or Osceola Counties, or some adjoining county. All of the members of the Board shall be owners of land within the District.

(2) The election of the three (3) members of the Board of Supervisors of the Reedy Creek Drainage District, held on June 6, 1966, is hereby ratified, confirmed and approved. The members of the Board of Supervisors of the Reedy Creek Drainage District in office on the date of enactment of this Act shall constitute members of the Board of Supervisors of the Reedy Creek Improvement District and shall continue to hold office until June 6, 1967 and thereafter for a term of two (2) years commencing on June 6, 1967 and until their successors are chosen and shall qualify.

(3) The first annual meeting of the landowners of the District under this Act shall be held in the month of May, 1967, for the purpose of electing two (2) supervisors for a term of four (4) years commencing on June 6, 1967 and until their successors are chosen and shall qualify. If for any reason such first annual meeting cannot be held in May, 1967, then such meeting shall be held as soon as practicable thereafter. Thereafter, an annual meeting of the landowners shall be held during the month of May of each year.

(4) Following the first annual meeting of the landowners, elections of supervisors shall be held every two (2) years for the purpose of electing two (2) or three (3) supervisors, as the case may be, as successors to the supervisors whose terms expire in June of such year. Each supervisor so elected shall hold office for a term of four (4) years, commencing as of the first Tuesday in June of the year of his election, and until his successor is chosen and shall qualify. Such elections shall be held at the annual meeting of the landowners of the District held in such year.

(5) At all elections of supervisors, each landowner shall be entitled to one (1) vote in person or by written proxy for every acre of land and for every major fraction of an acre owned by him in the District. The ownership of land or lands aggregating in excess of one-half acre and less than one (1) acre shall entitle the landowner to one (1) vote with respect thereto. Except as otherwise provided hereinabove, there shall be no more than one (1) vote for every acre of land within the District, regardless of the number of fractional or other ownership interests held therein. Ownership of one-half acre or a lesser fraction of an acre shall not entitle the owner thereof to a vote. The person receiving the highest number of votes for the office of supervisor shall be declared elected. If at any meeting of the landowners more than one (1) office of supervisor is to be filled, a separate vote shall be taken on each such office. Tie votes shall be decided by lot.

(6) All supervisors shall hold office for the terms for which they are elected or appointed and until their successors shall be chosen and qualify. In case of a vacancy in the office of any supervisor, the remaining supervisor or supervisors (even though less than a quorum) may fill such vacancy until the sooner occurrence of (a) the next annual meeting of the landowners, when a successor to such appointee shall be elected by the landowners for the unexpired term, or (b) the election by the landowners of a successor to such appointee for the unexpired term, at a special meeting of the landowners called for such purpose at any time upon written request of the landowners as provided in section 5 of this Act. In the event any vacancy remains unfilled for more than thirty (30) days after such vacancy occurs, it may be filled by vote of the landowners at a meeting of landowners called for such purpose, and the person so elected shall replace any person who may have been elected by the remaining supervisor or supervisors after the landowners have made a written request for such an election as provided in section 5 of this Act.

(7) As soon as practicable after each election, the Board of Supervisors of the District shall organize by choosing one of their number President of the Board of Supervisors and by electing a Secretary, who need not be a member of the Board. The Board of Supervisors shall adopt a seal which shall be the seal of the District.

(8) A majority of the members of the Board of Supervisors shall constitute a quorum.

(9) At each annual meeting of the landowners of the District the Board of Supervisors shall report all work undertaken

or completed during the preceding year and the status of the finances of the District.

(10) The Board of Supervisors shall keep a permanent record book entitled "Record of Governing Board of Reedy Creek Improvement District", in which shall be recorded minutes of all meetings, resolutions, proceedings, certificates, bonds given by all employees, and any and all corporate acts, which book shall at reasonable times be opened to public inspection. Such record book shall be kept at an office or other regular place of business maintained by the Board of Supervisors in Orange or Osceola County.

(11) Whenever any election shall be authorized or required by this Act to be held by the landowners at any particular or stated time or day, and if for any reason such election is not held at such time or on such day, then in such event the power or duty to hold such election shall not cease or lapse, but such election shall be held thereafter when practicable, and in accordance with the procedures provided by this Act.

Section 5. *Notice and Call of Meetings of Landowners; Quorum; Adjournments; Representation at Meetings; Recall; Taking Action without Meeting.*—

Section 5.

(1) The Board of Supervisors shall provide for the giving of notice of all meetings of landowners by publication once a week for two (2) consecutive weeks prior to such meeting in a newspaper or newspapers published or of general circulation in Orange and Osceola Counties. Meetings of landowners shall be held in a public place, or any other place made available for the purpose of such meeting, in Orange or Osceola County, and the place, date and hour of holding such meeting and the purpose thereof shall be stated in the notice. Landowners representing a majority of the number of acres in the District, present in person or by proxy, shall constitute a quorum at any meeting of the landowners.

(2) The Board of Supervisors shall have the power to call special meetings of the landowners at any time to receive reports of the Board of Supervisors or for such other purpose as the Board of Supervisors may determine. A special meeting of the landowners may also be called at any time upon notice as provided hereinabove at the written request of the owners of not less than twenty-five (25) per cent in acreage of the land within the District for the purpose of (a) filling any vacancy on the Board of Supervisors remaining unfilled for more than thirty (30) days after such vacancy occurs, (b) recalling any supervisor theretofore elected or designated and filling such vacancy for the unexpired term, or (c) taking any other action by the landowners of the District. Such special meeting shall be called by any court of competent jurisdiction in the event that the Board of Supervisors fails to do so upon request as provided in the preceding sentence. Except as otherwise provided in section 4 of this Act with respect to the election of supervisors, action taken at a meeting of the landowners shall be by the affirmative vote of the owners of at least a majority in acreage of the land within the District represented at such meeting.

(3) If no quorum is present or represented at a meeting of the landowners at the time and place the same is called to be held, the landowners present and represented, although less than a quorum, may adjourn to another time or day, and at such or any subsequent adjourned meeting may, if a quorum is then present or represented, take any action that the landowners could have taken at the meeting or meetings so adjourned for lack of a quorum.

(4) At any meeting of the landowners, guardians may represent their wards; executors and administrators may represent the estate of deceased persons; trustees may represent lands held by them in trust; and private corporations may be represented by their duly authorized proxy. All landowners, including guardians, executors, administrators, trustees and corporations, may be represented and vote by proxy.

(5) Any action required or that may be taken at a meeting of the landowners may be taken, without a meeting or notice of meeting being given, upon the written consent of all of the landowners.

Section 6.

Section 6. *Compensation of Board.*—Each supervisor shall be entitled to receive for his services a per diem of Twenty-Five Dollars (\$25.00) for each day actually engaged in work pertaining to the District, but not in excess in any one month of One Hundred Dollars (\$100.00). In addition, each supervisor shall receive reasonable travelling expenses for attending the place of meeting from his residence. Unless the Board of Supervisors by resolution otherwise provides, such travelling expenses shall not be in excess of the amounts provided by law for state and county officials.

Section 7.

Section 7. *Treasurer; Depositories; Fiscal Agent.*—

(1) The Board of Supervisors shall designate a person who is a resident of the State of Florida, or a bank or trust company organized under the laws of the State of Florida, as Treasurer of the District, who shall have charge of the funds of the District. Such funds shall be disbursed only upon the order of or pursuant to the resolution of the Board of Supervisors by warrant or check signed by the Treasurer, or by such other person as may be authorized by the Board of Supervisors. The Board of Supervisors may give the Treasurer such other or additional powers and duties as the Board may deem appropriate, and fix his compensation. The Board of Supervisors may require the Treasurer to give a bond in such amount, on such terms and with such sureties as may be deemed satisfactory to the Board to secure the performance by the Treasurer of his powers and duties. The Board of Supervisors shall audit or have audited the books of the Treasurer at least once a year.

(2) The Board of Supervisors is authorized to select as depositories in which the funds of the Board and of the District shall be deposited any banking corporation organized under the laws of the State of Florida or under the national banking act, doing business in the State of Florida, upon such terms and conditions as to the payment of interest by such depository upon the funds so deposited as the Board may deem just and reasonable.

(3) The State Comptroller may from time to time, adopt, revise and rescind rules and regulations prescribing the qualifications of depositories of funds of the District and establishing requirements for security to be given by depositories with respect to such funds. In the absence of any such rules and regulations issued by the State Comptroller, the Board of Supervisors may prescribe the qualifications of depositories and the requirements for security to be given by depositories.

(4) The Board of Supervisors may employ a fiscal agent, who shall be either a resident of the State of Florida or a corporation organized under the laws of this or any other state and authorized by such laws to act as such fiscal agent for municipal corporations in the State of Florida and who shall assist in the keeping of the tax books, the collection of taxes and the remitting of funds to pay maturing bonds and coupons, and perform such other or additional services and duties as fiscal agent and receive such compensation as the Board of Supervisors may determine.

Section 8. *Powers and Duties of the Board of Supervisors.*—Except as otherwise provided in this Act, all of the powers and duties of the District shall be exercised by and through the Board of Supervisors. Without limiting the generality of the foregoing, the Board shall have the power and authority to:

Section 8.

(1) Employ engineers, contractors, consultants, attorneys, auditors, agents, employees and representatives, as the Board of Supervisors may from time to time determine, on such terms and conditions as the Board of Supervisors may approve, and fix their compensation and duties.

(2) Adopt by-laws, rules, resolutions and orders prescribing the powers, duties and functions of the officers of the District, the conduct of the business of the District, the maintenance of records, and the form of certificates evidencing tax liens and all other documents and records of the District. The Board may adopt administrative rules and regulations with respect to any of the projects of the District, on such notice and public hearing, if any, as the Board may determine.

(3) Maintain an office at such place or places as it may designate.

(4) Enter or direct the entry upon any lands, premises, waters or other property subject to the requirements of due process as to privately owned property.

(5) Execute all contracts and other documents, adopt all proceedings and perform all acts determined by the Board of Supervisors to be necessary or desirable to carry out the purposes of this Act. The Board may authorize one or more members of the Board to execute contracts and other documents on behalf of the Board or the District.

(6) Establish and create such departments, boards or other agencies as from time to time the Board of Supervisors may deem necessary or desirable in the performance of any acts or other things necessary to the exercise of the powers provided in this Act, and to delegate to such de-

partments, boards or other agencies such administrative duties and other powers as the Board of Supervisors may deem necessary or desirable. The Board of Supervisors may appoint a person to act as general manager of the District, having such official title, functions, duties and power as the Board may prescribe.

(7) Examine, and authorize any officer or agent of the District to examine, the county tax rolls with respect to the assessed valuation of the real and personal property within the District.

#### Section 9.

Section 9. *Powers of the District.*—In addition to and not in limitation of the powers and authorities of the District under chapter 298, Florida Statutes, and amendments thereto, the District shall have the following powers:

(1) *Legal Proceedings.*—To sue and be sued by its name in any court of law or in equity.

(2) *Corporate Seal.*—To adopt and use a corporate seal and to alter the same at pleasure.

(3) *Ownership and Disposition of Property.*—To acquire property, real, personal or mixed, within or without its territorial limits, in fee simple or any lesser interest or estate, by purchase gift, devise or lease, on such terms and conditions as the Board of Supervisors may deem necessary or desirable, and by condemnation (subject to the limitations of subsection 5 hereinbelow), all provided that the Board of Supervisors determines that the use or ownership of such property is necessary in the furtherance of a designated lawful purpose authorized under the provisions of this Act or chapter 298, Florida Statutes, and amendments thereto; to acquire mineral rights and leases; to acquire title to submerged lands and riparian rights and easements or rights-of-way with or without restrictions within or without the limits of the District; to accept the dedication of streets and other rights-of-way on such terms and conditions as the Board of Supervisors may approve; to make purchase money mortgages and deed trusts and other forms of encumbrance on any property acquired by the District and to purchase property subject to purchase money mortgages, or other encumbrances; and to mortgage, hold, manage, control, convey, lease, sell, grant or otherwise dispose of the same, and of any of the assets and properties of the District, with or without consideration.

(4) *Lease of Facilities.*—Whenever deemed necessary or desirable by the Board of Supervisors, to lease as lessor or lessee to or from any person, firm, corporation, association or body, public or private, any projects of the type that the District is authorized to undertake and facilities or property of any nature for the use of the District and to carry out any of the purposes of the District, subject to the limitations of section 21 of this Act.

(5) *Eminent Domain.*—To exercise within or without the territorial limits of the District the right and power of eminent domain in all cases and under all circumstances provided for in sections 298.22 and 298.62, Florida Statutes, and amendments thereto. In addition to and not in limitation of the foregoing, the District may also exercise the right and power of

eminent domain within the territorial limits of the District for the purpose of condemning any real, personal or mixed property, public or private, including without limitation property owned by any other political body or municipal corporation, which the Board of Supervisors shall deem necessary for the use of, construction or operation of any of the projects of the District or otherwise to carry out any of the purposes of the District. The power of condemnation shall be exercised in the same manner as is now provided by the general laws of the State. In any proceeding under this Act or under chapter 298, Florida Statutes, for the taking of property by eminent domain or condemnation, the Board of Supervisors is authorized to file declaration of taking immediate possession of the property before the final trial by making deposit as to value as provided by the general statutes, and shall have all the benefits provided by chapters 73 and 74, Florida Statutes, and amendments thereto, or any other statutes of the State of Florida which give the right to immediate taking and possession. No public or private body, and no agency or authority of the State or any political subdivision thereof, shall exercise the power of eminent domain or condemnation with respect to any of the properties, easements or rights owned by the District and lying within the District except with the concurrence of the Board of Supervisors of the District, which shall not be unreasonably withheld.

(6) *Reclamation; Drainage; Irrigation.*—To adopt a plan of reclamation, and to own, acquire, construct, reconstruct, equip, operate, maintain, extend and improve canals, ditches, drains, dikes, levees, pumps, plants and pumping systems and other works for drainage purposes, and irrigation works, machinery and plants.

(7) *Water and Flood Control; Erosion Control; Eligibility for State Assistance.*—To own, acquire, construct, reconstruct, equip, maintain, operate, extend and improve water and flood control facilities; to regulate the supply and level of water within the District; to divert waters from one area, lake, pond, river, stream, basin, or drainage or water flood control facility to any other area, lake, pond, river, stream, basin, or drainage and water flood control facility; to regulate, control and restrict the development and use of natural or artificial streams or bodies of water, lakes or ponds; and to take all measures determined by the Board of Supervisors to be necessary or desirable to prevent or alleviate land erosion. Subject to the limitations of subsection 2 of section 11 of this Act, the powers granted to the District by this subsection 7 shall be exclusive within the area of the District of the exercise of the same or like powers by any other public body, agency, authority or subdivision, and no other public body, agency, authority or subdivision shall within the area of the District exercise the same or like powers as are granted to the District under this subsection except upon the concurrence of the Board of Supervisors. The Legislature hereby finds and declares the District eligible to receive moneys, disbursements and assistance from the State available to flood control or water management districts and navigation districts or agencies.

(8) *Water and Sewer Systems.*—To own, acquire, construct, reconstruct, equip, operate, maintain, extend and im-

prove water systems and sewer systems or combined water and sewer systems; to regulate the use of sewers and the supply of water within the District and to prohibit or regulate the use and maintenance of out-houses, privies, septic tanks or other sanitary structures or appliances within the District; to prescribe methods of pretreatment of wastes not amenable to treatment with domestic sewage before accepting such wastes for treatment and to refuse to accept such wastes when not sufficiently pretreated as may be prescribed, and to prescribe penalties for the refusal of any person or corporation to so pretreat such wastes; to sell or otherwise dispose of the effluent, sludge or other by-products as a result of sewage treatment; and to construct and operate connecting, intercepting or outlet sewers and sewer mains and pipes and water mains, conduits or pipelines in, along or under any street, alleys, highways or other public places or ways within or without the District, when deemed necessary or desirable by the Board of Supervisors in accomplishing the purposes of this Act.

(9) *Waste Collection and Disposal.*—To own, acquire, construct, reconstruct, equip, operate, maintain, extend and improve a waste collection and disposal system, and to sell or otherwise dispose of any effluent, residue or other by-products of such system.

(10) *Mosquito and Pest Controls; Eligibility for State Aid.*—To establish a program for the control, abatement and elimination of mosquitos and other noxious insects, rodents, reptiles and other pests throughout the District and to undertake such works and construct such facilities within or without the District as may be determined by the Board of Supervisors to be needed to effectuate such program; to abate and suppress mosquitos and other arthropods, whether disease-bearing or pestiferous, within the District or without the District when in the judgment of the Board of Supervisors necessary or desirable for the health and welfare of the inhabitants of or visitors to the District; and to take any and all temporary or permanent eliminative measures that the Board of Supervisors may deem advisable. The Legislature hereby finds and declares the District eligible to receive State funds, supplies, services and equipment available or that may in the future become available to mosquito or pest control districts.

(11) *Airport Facilities.*—To own, acquire, construct, reconstruct, equip, operate, maintain, extend and improve airport facilities.

(12) *Recreation Facilities.*—To own, acquire, construct, reconstruct, equip, operate, maintain, extend and improve parks, playgrounds, picnic grounds, camping facilities, golf courses, athletic fields, marinas, piers, wharves, docks, harbours, boating and fishing facilities, swimming pools, bathing beaches and other water recreation facilities, stadiums, auditoriums, civic centers, aquariums, libraries, museums, recreational centers, convention halls and facilities, radio and television sending, transmission and receiving stations, community antenna television systems, and cultural, recreational and educational buildings, facilities and projects of all kinds and descriptions.

(13) *Parking Facilities.*—To own, acquire, construct, reconstruct, equip, operate, maintain, extend and improve park-

ing facilities, to install or cause to be installed parking meters at or near the curbs of streets, roads and other public ways within the District, and to adopt such regulations and impose such charges in connection with any parking facilities and parking meters as the Board of Supervisors may deem necessary or desirable.

(14) *Fire Protection.*—To own, acquire, construct, reconstruct, equip, maintain, operate, extend and improve fire control facilities for the District, including fire stations, water mains and plugs, fire trucks and other vehicles and equipment, and to undertake such works and construct such facilities as may be determined necessary by the Board of Supervisors to carry out a program of fire prevention and fire control within the District.

(15) *Advertising.*—To undertake a program of advertising to the public and promoting the businesses, facilities and attractions within the District and the projects of the District, and to expend moneys and undertake such activities to carry out such advertising and promotional program as the Board of Supervisors from time to time may determine.

(16) *Transportation.*—To own, acquire, construct, reconstruct, equip, operate, maintain, extend and improve common, private or contract carriers, buses, vehicles, railroads, monorails, airplanes, helicopters, boats and other transportation facilities, whether now or hereafter invented or developed including without limitation novel and experimental facilities such as moving platforms and sidewalks, as may be determined from time to time by the Board of Supervisors to be useful or appropriate to meet the transportation requirements of the District and activities conducted within the District; and to extend such transportation facilities to areas outside the District in order to provide transportation to and from the District.

(17) *Public Utilities.*—To own, acquire, construct, reconstruct, equip, operate, maintain, extend and improve electric power plants, transmission lines and related facilities, gas mains and facilities of any nature for the production or distribution of natural gas, telephone lines, plants and systems and other communications systems of any nature, transmission lines and related facilities and plants and facilities for the generation and transmission of power through nuclear fission and other new and experimental sources of power and energy; to purchase electric power, natural gas and other sources of power for distribution within the District; and to develop and operate such new and experimental public utilities, including but not limited to centrally distributed heating and air conditioning facilities and services, closed-circuit television systems, and computer service and facilities, as the Board of Supervisors may from time to time determine.

(18) *Conservation Areas and Sanctuaries.*—To designate, set aside and maintain lands and areas within the District as conservation areas or bird and wild-life sanctuaries; to stock such areas with animal and plant life and to stock water areas with fish and other aquatic life; to promulgate and enforce rules and regulations with respect thereto and to protect and preserve the natural beauty thereof; and to do all

acts necessary or desirable in order to qualify such lands and areas as conservation areas and sanctuaries under any of the laws of the State or under Federal law.

(19) *Issuance of Bonds.*—To issue general obligation bonds, revenue bonds, assessment bonds or any other bonds or obligations authorized by the provisions of this Act or any other law, or any combination of the foregoing, to pay all or part of the cost of the acquisition, construction, reconstruction, extension, repair, improvement, maintenance or operation of any project or combination of projects, to provide for any facility, service or other activity of the District and to provide for the retirement or refunding of any bonds or obligations of the District, or for any combination of the foregoing purposes.

(20) *Other Powers; Research and Development.*—In addition to the powers specifically provided in this Act, the District shall have the power to own, acquire, construct, reconstruct, equip, operate, maintain, extend and improve such other projects as the Board of Supervisors may in its discretion find necessary or desirable to accomplish the purposes of this Act, and to exercise through its Board of Supervisors all powers necessary, convenient or proper to carry out the purposes of this Act. In connection with any of the projects that the District is authorized to undertake pursuant to the powers and authority vested in it by this Act, and in order to promote the development and utilization of new concepts, designs and ideas in the fields of recreation and community living, the District shall have the power and authority to examine into, develop and utilize new concepts, designs and ideas, and to own, acquire, construct, reconstruct, equip, operate, maintain, extend and improve such experimental public facilities and services, including by way of example and not of limitation facilities for the generation of power by nuclear fission, and otherwise to undertake, sponsor, finance and maintain such research activities, experimentation and development as the Board may from time to time determine.

**Section 10.**

*Section 10. Authority of the District with Respect to Roads, Bridges, Street Lighting, etc.—*

(1) The District shall have the powers, and shall be entitled to the benefits and privileges under law, of special road and special road and bridge districts. The District shall have the right and power to own, acquire, open, extend, close, vacate, abandon, construct, reconstruct, pave, operate, improve and maintain highways, streets, toll roads and bridges, alleys, sidewalks, promenades, boardwalks, bridges, tunnels, interchanges, underpasses, overpasses, causeways, storm drains and public thoroughfares of all kinds and descriptions (hereinafter collectively and severally referred to as "public roads") and connections to and extensions of any and all existing public roads within the District, deemed necessary or convenient by the Board of Supervisors to provide access to and efficient development of the territory within the District; to regulate and control the use, encroachments in, upon, over and under, and the obstruction thereof; to erect, maintain, from time to time change the location of and operate toll plazas, traffic control devices and signs and street signs; and to construct and maintain sidewalks and street lights along public roads in the Dis-

trict and elsewhere as may from time to time be deemed appropriate by the Board of Supervisors adequately to service the District and its residential, park, recreational, commercial and industrial areas.

(2) The right and authority of the District to construct, control and maintain public roads and connections to and extensions thereof now or hereafter acquired, constructed or maintained with public funds shall be exclusive of and supercede within the territorial limits of the District the jurisdiction and authority of the State Road Department of Florida and of any other agency or authority of the State or any political subdivision thereof, except as to those portions of State Roads 530 and 535 and Interstate Highway 4 lying within the District, which shall remain under the jurisdiction and authority of the State Road Department. No public road within the District or any connection to or extensions thereof shall constitute a part of the state highway system or the county road system unless so designated by the Board of Supervisors of the District, and no agency or authority of the State or any political subdivision thereof shall have the power or authority, except with the concurrence of the Board of Supervisors, to acquire, construct or maintain public roads within the territorial limits of the District, excepting State Roads 530 and 535 and Interstate Highway 4.

(3) The District shall have the right and authority exclusive of any other agency or authority of the State or any political subdivision thereof to contract with and franchise public or private persons to own, acquire, open, extend, close, vacate, construct, pave, operate, maintain, and improve toll highways, roads and bridges within the territorial limits of the District, on such terms with respect to construction, maintenance, the levy of tolls and restrictions on the use of the roadways as the District may determine to be appropriate. No private toll road franchised by the District and no private road connected to or an extension of any State or any other public road within the District shall by reason of such connection with a public road, and when not otherwise dedicated to the use of the public, constitute or be deemed a public road.

(4) The Board of Supervisors of the District shall have the right and authority to sell or lease any road to the State Road Department, enter lease-purchase agreements with respect thereto with the State Road Department, and contract with the same for the construction or maintenance of any road, on such terms and conditions as the Board of Supervisors of the District and the State Road Department may agree. The State Road Department of Florida is hereby authorized and empowered to purchase or lease any road from the District, enter lease-purchase agreements with respect to the same and construct or maintain any road within the District pursuant to such agreement with the Board of Supervisors of the District. The cost of any road acquired, leased or constructed by the State Road Department may be defrayed in whole or in part out of the gasoline tax funds accruing to the State Road Department for use in Orange and Osceola Counties, as the case may be, under the provisions of Section 16 of Article IX of the Constitution of Florida, section 208.44, Florida Statutes, and any other laws of the State with respect to the application of taxes levied upon gasoline, special fuels or other like products.

(5) The location, design, and construction of access roads and connecting roads and extensions of State Roads 530 and 535 and Interstate Highway 4 within the territorial limits of the District shall be jointly determined by the Board of Supervisors of the District and the State Road Department of Florida. The State Road Department of Florida is authorized and empowered to relinquish control over and transfer to the District all of its rights, title and interest to any access roads, connecting roads or extensions of State Roads 530 and 535 or Interstate Highway 4 located within the territorial limits of the District.

**Section 11.**

*Section 11. Adoption, Revision and Revocation of Plan of Reclamation; September 29, 1966 Stipulation with Orange County Continued in Effect.—*

(1) In addition to and not in limitation of its powers under section 298.27, Florida Statutes, and amendments thereto, the Board of Supervisors may at any time and from time to time adopt, revoke or modify, in whole or in part, any plan of reclamation or any plan providing for the drainage of lands within the District, including without limitation any such plan heretofore approved by the Circuit Court for the Ninth Circuit of the State of Florida, and may provide for such new and additional drainage facilities, canals, ditches, levees and other works as the Board may determine. In connection with the revision of any plan of reclamation or the providing of any new or additional drainage facilities, canals, ditches, levees or other works, or in the event that the total taxes and assessments theretofore levied or the funds derived from the sale of bonds are insufficient to pay the cost of any drainage works, benefits may be reassessed, additional assessments made and taxes levied in accordance with the procedures provided in this Act or in chapter 298, Florida Statutes. The Board of Supervisors may at any time approve and make effective technical changes or modifications in any plan of reclamation or drainage not affecting assessed benefits, levy of taxes or the security of bondholders.

(2) The stipulation dated September 29, 1966 by and between the Reedy Creek Drainage District and Orange County, filed and entered in the proceeding pending in the Circuit Court of the Ninth Judicial Circuit in and for Orange County, Florida, being Case No. Chancery 66-1061, shall continue to be effective and binding on the Reedy Creek Improvement District and Orange County and applicable to any plan of reclamation now or hereafter adopted by the Reedy Creek Improvement District unless and until revised or terminated by agreement of the parties thereto.

**Section 12.**

*Section 12. Unit Development; Powers of Board of Supervisors to Designate Units of District and Adopt System of Progressive Drainage by Units; Plans of Reclamation and Financing Assessments for Each Unit; Amendment of Unit Plan.—*

(1) The Board of Supervisors of the District shall have the power and is hereby authorized in its discretion to drain and reclaim and place under water control or more completely and intensively to drain and reclaim and place under water control the lands in the District by designated areas or parts of the District to be called "units." The units into which the District may be so divided shall be given appropriate numbers or names

by the Board of Supervisors, so that the units may be readily identified and distinguished. The Board of Supervisors shall have the power to fix and determine the location, area and boundaries of lands to be included in each and all such units, the order of development thereof, and the method of carrying on the work in each unit. The unit system of drainage provided by this section may be conducted and all of the proceedings by this section and this Act authorized in respect to such unit or units may be carried on and conducted at the same time as or after the work of draining and reclaiming of the entire District has been or is being or shall be instituted or carried on under the provisions of this Act or under chapter 298, Florida Statutes, or both.

(2) If the Board of Supervisors shall determine that it is advisable to conduct the work of draining and reclaiming the lands in the District by units, as authorized by this section, the Board shall, by resolution, declare its purpose to conduct such work accordingly, and shall fix the number, location and boundaries of and description of lands within such unit or units and give them appropriate numbers or names. The entire District may also be designated as a unit for the proper allocation of such part of the plan of reclamation and drainage as benefits the entire District.

(3) As soon as practicable after the adoption of such resolution, the Board of Supervisors shall publish notice once a week for two (2) consecutive weeks in a newspaper or newspapers published or of general circulation in Orange and Osceola Counties, briefly describing the units into which the District has been divided and the lands embraced in each unit, giving the name, number or other designation of such units, requiring all owners of lands in the District to show cause in writing before the Board of Supervisors at a time and place to be stated in such notice why such division of the District into such units should not be approved, and said system of development by units should not be adopted and given effect by the Board, and why the proceedings and powers authorized by this section should not be had, taken and exercised. At the time and place stated in said notice, the Board of Supervisors shall hear all objections or causes of objection (all of which shall be in writing) of any landowner in the District who may appear in person or by attorney, to the matters mentioned and referred to in such notice, and if no objections are made, or if objections are made and overruled by the Board, then the Board shall enter in its minutes its finding and order confirming the resolution, and may thereafter proceed with the development, drainage and reclamation of the District by units pursuant to such resolution and to the provisions of this Act. The failure to make objection as provided hereinabove shall constitute a waiver of such objection, and if any objection shall be made and overruled or otherwise not sustained, confirmation of the resolution shall be the final adjudication of the issues presented unless a judicial proceeding is initiated within ten (10) days after such ruling as provided hereinafter.

(4) The Board of Supervisors may, as a result of any objections or of other matters brought forth at such hearing, modify or amend said resolution in whole or in part, confirm said resolution after overruling all objections, or reject said

resolution, and if such resolution is confirmed, modified or amended, may proceed thereafter in accordance with said resolution as confirmed, modified or amended. The sustaining of such objections and the rescinding of such resolutions shall not exhaust the power of the Board under this section, but the Board of Supervisors may at any time adopt other resolutions under this section and thereupon proceed on due notice in like manner as above provided. If the Board of Supervisors shall overrule or refuse to sustain any such objections in whole or in part made by any landowner in the District, or if any such landowner shall deem himself aggrieved by any action of the Board of Supervisors in respect to any objections so filed, such landowner may, within ten (10) days after the ruling of the Board, invoke the jurisdiction of the Circuit Court for the Ninth Circuit, and such suits shall be conducted like other chancery suits, except that said suits shall have preference over all other pending actions except criminal actions and writs of habeas corpus.

(5) When said resolutions creating said unit system shall be confirmed by the Board of Supervisors (or by the Circuit Court for the Ninth Circuit, if such proposed action shall be challenged by a landowner by the judicial proceedings hereinabove authorized), the Board of Supervisors may adopt a plan or plans of reclamation for and in respect to any or all such units, and have the benefits and damages resulting therefrom assessed and apportioned (i) in like manner as is provided by chapter 298, Florida Statutes, in regard to plans of reclamation for and assessments of benefits and damages of the entire District, or (ii) in like manner as is provided for in section 40 of this Act for the assessments of benefits. The Board of Supervisors shall have the same powers in respect to each and all of such units as is vested in them with respect to the entire District. All the provisions of this Act shall apply to the drainage, reclamation and improvement of each, any and all of such units, and the enumeration of or reference to specific powers or duties of the Supervisors or any other officers or other matters in this Act, as hereinabove set forth, shall not limit or restrict the application of any and all of the proceedings and powers herein to the drainage and reclamation of such units as fully and completely as if such unit or units were specifically and expressly named in every section and clause of this Act where the entire District is mentioned or referred to. Unless the Board of Supervisors by resolution otherwise provides, all assessments, levies, taxes, bonds and other obligations made, levied, assessed or issued for or in respect to any such unit or units shall be a lien and charge solely and only upon the lands in such unit or units, respectively, for the benefit of which the same shall be levied, made or issued, and not upon the remaining units or lands in the District.

(6) The Board of Supervisors may at any time amend its said resolutions by changing the location and description of lands in any such unit or units, provided that if the location of or description of lands located in any such unit or units is so changed, notice of such change shall be published as hereinabove required in this section for notice of the formation or organization of such unit or units, and all proceedings shall be had and done in that regard as are provided in this section for the original creation of such unit or units.

(7) If, after the determination of benefits with respect to any unit or units or the issuance of bonds or other obligations which are payable from taxes or assessments for benefits levied upon lands within such unit or units, the Board of Supervisors finds the plan of reclamation of any such unit or units insufficient or inadequate for efficient development, the plan of reclamation may be amended or changed as provided in chapter 298, Florida Statutes, or as provided in this Act, and the unit or units may be amended or changed as provided in this section by changing the location and description of lands in any such unit or units or by detaching lands therefrom or by adding lands thereto, but only upon the approval or consent of not less than the holders of a majority in principal amount of such bonds or other obligations, or such other percentage as may be required by the terms of such bonds or other obligations (or without such consent or approval, if the proceedings authorizing such bonds provide that such action may be taken without the consent or approval of the holders thereof). In the event of such amendment or change, all assessments, levies, taxes, bonds or other obligations made, levied, assessed, incurred or issued for or in respect to any such unit or units shall be allocated and apportioned to the amended unit or units in proportion to the benefits assessed with respect to the amended plan of reclamation. In the event of the change of the boundaries of any unit as provided herein and the allocation and apportionment to the amended unit or units of assessments, levies, taxes, bonds and other obligations in proportion to the benefits assessed for the amended plan of reclamation, the holders of bonds or other obligations heretofore issued for the original unit shall be entitled to all rights and remedies against any lands added to the amended unit or units as fully and to the same extent as if such added lands had formed and constituted a part of the original unit or units at the time of the original issuance of such bonds or other obligations, and regardless of whether the holders of such bonds or other obligations are the original holders thereof or the holders from time to time hereafter, and the rights and remedies of such holders against the lands in the amended unit or units, including any lands added thereto, under such allocation and apportionment, shall constitute vested and irrevocable rights and remedies to the holders from time to time of such bonds or other obligations as fully and to the same extent as if such bonds or other obligations had been originally issued to finance the improvements in such amended unit or units under such amended plan of reclamation. Conversely, in the event of the change of the boundaries of any unit whereby lands are detached therefrom, as provided for herein, said lands so detached shall be relieved and released from any further liability for the assessment, levy or payment of any taxes for the purpose of paying the principal or interest on any bonds originally issued for the original unit from which said lands were detached.

Section 13. *Creation of Subdistricts.*—The Board of Supervisors shall provide for the furnishing of the services and facilities authorized by this Act throughout the District or in such part or parts thereof as the Board of Supervisors shall determine. For the purpose of furnishing such services and facilities to any part or parts of the District less than the entire area of the District, the Board of Supervisors shall have the power to

Section 13.

divide the District into such subdistricts, units or zones as the Board may deem appropriate.

**Section 14.**

**Section 14. *Exercise by District of its Powers Within Municipalities.***—The District shall have the power to exercise any of its rights, powers, privileges and authorities in any and all portions of the District lying within the boundaries of the City of Bay Lake, the City of Reedy Creek, and any other municipal corporation or other political subdivision, heretofore or hereafter created or organized, whose boundaries lie wholly or partly within the geographic limits of the District, to the same extent and in the same manner as in areas of the District not incorporated as part of a municipality or other political subdivision. With respect to any municipal corporation or other political subdivision whose boundaries lie partly within and partly without the geographic limits of the District, the District shall have the power to exercise its rights, powers, privileges and authorities only within the portion of such municipal corporation or other political subdivision lying within the boundaries of the District, except as otherwise provided in section 15 of this Act. In the event of a conflict between the provisions of this Act and the powers of the District herein provided for and the provisions of any charter or law, now or hereafter enacted or adopted, establishing or pertaining to any municipal corporation or other political subdivision whose boundaries lie wholly or partly within the District, the provisions of this Act shall control in the portion of such municipal corporation or other political subdivision which lies within the geographic limits of the District, unless such other enactment specifically repeals or amends this Act.

**Section 15.**

**Section 15. *Furnishing Facilities and Services Within the District Territory; Limitation on the Exercise of Powers Outside the District.***—

(1) The District shall have the power to construct, maintain and operate its projects within the geographic limits of the District, including any portions of the District located inside the boundaries of any incorporated municipality or other political subdivision, and to offer, supply and furnish the facilities and services provided for in this Act to, and to collect fees, rentals and other charges from, persons, firms, corporations, municipalities, counties, political subdivisions and other public or private agencies or bodies within the geographic limits of the District, and for the use of the District itself.

(2) The District shall have the power to construct, maintain and operate its projects outside of the geographic limits of the District, and to offer, supply and furnish the facilities and services provided for in this Act to, and to collect fees, rentals and other charges from, persons, firms, corporations, municipalities, counties, political subdivisions and other public or private agencies or bodies outside of the geographic limits of the District, provided, however, that the District shall not construct any project or offer, furnish or supply facilities and services outside of the territorial limits of the District except upon the consent, approval and certification of any regulatory agency or governing body of the State of Florida or of any municipality or other political subdivision thereof whose consent, approval or certification may be required by law, and provided further, that the

District shall not engage in the business of furnishing telephone service or electrical power for sale to persons, firms or corporations outside of the territorial limits of the District.

Section 16. *Mandatory Use of Certain District Facilities and Services.*—The District may require all lands, buildings and premises, and all persons, firms and corporations, within the District or within any zone or area within such District created for such purpose, to use the drainage and reclamation facilities, flood control facilities, water and sewer systems and waste collection and disposal systems of the District. Subject to such exceptions as may be provided by the resolutions, rules or by-laws of the Board of Supervisors, and subject to the terms and provisions of any resolution authorizing any bonds and agreements with bondholders, no drainage and reclamation facilities, flood control facilities, water and sewer systems or waste collection and disposal systems shall be constructed or operated within the District unless the Board of Supervisors gives its consent thereto and approves the plans and specifications therefor. The violation of the foregoing user requirements shall be and constitute a misdemeanor and any person convicted in a court of competent jurisdiction of violating the same shall be subject to the penalties provided by section 775.07, Florida Statutes, and amendments thereto.

Section 16.

Section 17. *Maintenance of Projects across Rights-of-Way.*—The District shall have the power to construct and operate its projects in, along or under any streets, alleys, highways or other public places or ways, and across any drain, ditch, canal, floodway, holding basin, excavation, railroad right-of-way, track, grade, fill or cut, provided, however, that just compensation shall be paid by the City for any private property taken or damaged by the exercise of such power.

Section 17.

Section 18. *Fees, Rentals, Tolls, Fares and Charges; Procedure for Adoption and Modification; Minimum Revenue Requirements.*—

Section 18.

(1) The District shall have the power to prescribe, fix, establish and collect rates, fees, rentals, tolls, fares or other charges (hereinafter sometimes referred to as "revenues"), and to revise the same from time to time, for the facilities and services furnished or to be furnished by the District, including but not limited to drainage facilities, water and sewer systems, waste collection and disposal systems, toll roads and bridges, transportation facilities and other public utilities, to recover the costs of making connection with any District facility or system, and to provide for reasonable penalties against any user or property for any such rates, fees, rentals, tolls, fares or other charges that are delinquent.

(2) No such rates, fees, rentals, tolls, fares or other charges for any of the facilities or services of the District, other than parking facilities and parking meters, shall be fixed until after a public hearing at which all the users of the proposed facility or services or owners, tenants or occupants served or to be served thereby and all other interested persons shall have an opportunity to be heard concerning the proposed rates, fees, rentals, tolls, fares or other charges. Notice of such public hearing setting forth the proposed schedule or schedules of rates,

fees, rentals, tolls, fares and other charges shall have been published in a newspaper or newspapers published or of general circulation in Orange and Osceola Counties at least once at least ten (10) days prior to such public hearing, which may be adjourned from time to time. After such hearing such schedule or schedules, either as initially proposed, or as modified or amended, may be finally adopted. A copy of the schedule or schedules of such rates, fees, rentals, tolls, fares or charges as finally adopted shall be kept on file in an office designated by the Board of Supervisors and shall be open at all reasonable times to public inspection. The rates, fees, rentals, tolls, fares or charges so fixed for any class of users or property served shall be extended to cover any additional users or properties thereafter served which shall fall in the same class, without the necessity of any notice or hearing. Any change or revision of rates, fees, rentals, tolls, fares or charges may be made in the same manner as the same were originally established, as hereinabove provided, except that if such changes or revisions are made substantially pro rata as to all classes of the type of service involved no notice or hearing shall be required.

(3) Such rates, fees, rentals, tolls, fares and charges shall be just and equitable and uniform for users of the same class, and where appropriate may be based or computed either upon the amount of service furnished or upon the number or average number of persons residing or working or otherwise occupying the premises served, or upon any other factor affecting the use of the facilities furnished, or upon any combination of the foregoing factors, as may be determined by the Board of Supervisors on an equitable basis.

(4) The rates, fees, rentals, tolls, fares or other charges prescribed shall be such as will produce revenues, together with any other assessments, taxes, revenues or funds available or pledged for such purpose, at least sufficient to provide for the items hereinafter listed, but not necessarily in the order stated: (i) to provide for all expenses of operation and maintenance of such facility or service including reserves for such purpose (unless the Board of Supervisors shall determine that in order to carry out the purposes of this Act to provide novel and experimental facilities and services the requirements of this clause (i) are inappropriate with respect to any such facility or service), (ii) to pay when due all bonds and interest thereon for the payment of which such revenues are, or shall have been, pledged or encumbered, including reserves for such purpose, and (iii) to provide for any other funds which may be required under the resolution or resolutions authorizing the issuance of bonds pursuant to this Act.

(5) The Board of Supervisors shall have the power to enter into contracts for the use of the projects of the District and with respect to the services and facilities furnished or to be furnished by the District, including but not limited to service agreements with landowners and others within or without the District providing for the drainage of land by the District or the furnishing of any of the other services and facilities of the District, for such consideration and on such other terms and conditions as the Board of Supervisors may approve. Such contracts and agreements shall not be subject to the provisions and

limitations of subsections (2), (3) and (4) above, but (a) shall be subject to the limitations of section 15 of this Act, (b) shall not be entered into for a period longer than forty (40) years from the effective date thereof, and (c) shall be fair and reasonable in relation to the rates, fees, rentals, tolls, fares or other charges to be paid by other users of the facilities and services concerned. No hearing or notice thereof shall be required prior to the authorization or execution by the Board of Supervisors of any such contract or agreement, and the same shall not be subject to revision except in accordance with their terms. Such contracts or agreements, and revenues or service charges received or to be received by the District thereunder, may be pledged as security for any of the bonds of the District.

Section 19. *Recovery of Delinquent Charges.*—In the event that any of the rates, fees, rentals, charges or delinquent penalties shall not be paid as and when due and shall be in default for thirty (30) days or more, the unpaid balance thereof and all interest accrued thereon, together with attorney's fees and costs, may be recovered by the District in a civil action.

Section 19.

Section 20. *Discontinuance of Service.*—In the event that the fees, rentals or other charges for the services and facilities of any project are not paid when due, the Board of Supervisors shall have the power to discontinue and shut off the same until such fees, rentals or other charges, including interest, penalties and charges for the shutting off and discontinuance and the restoration of such services and facilities, are fully paid, and for such purposes may enter on any lands, waters and premises of any person, firm, corporation or other body, public or private, within or without the District limits. Such delinquent fees, rentals or other charges, together with interest, penalties and charges for the shutting off and discontinuance and the restoration of such services and facilities, and reasonable attorney's fees and other expenses, may be recovered by the District by suit in any court of competent jurisdiction. The District may also enforce payment of such delinquent fees, rentals or other charges by any other lawful method of enforcement.

Section 20.

Section 21. *Agreements With Private Parties Concerning the Furnishing of Facilities and Services.*—The District shall have the power to enter into agreements with any person, firm or corporation for the furnishing by such person, firm or corporation of any facilities and services of the type provided for in this Act to the District, and for or on behalf of the District to persons, firms, corporations and other public or private bodies and agencies to whom the District is empowered under this Act to furnish facilities and services, and the District may by agreement join with any public or privately owned utility plant or system in furnishing any of the facilities or services of the District, provided, however, that any telephone company, as defined in section 364.02, Florida Statutes, and amendments thereto, and any privately owned or operated electric power company, so contracting with the District, shall be subject to the provisions and requirements of general law pertaining to certification and regulation of telephone and electric power companies, and provided further that the District shall not enter into any franchise or other agreement with any person, firm or corporation to provide either independently, jointly with, as agent of the District or otherwise telephone service in

Section 21.

any area of the District as to which area such person, firm or corporation does not hold a certificate of convenience and necessity from the Florida public service commission.

**Section 22.**

*Section 22. Within Act is Full Authority for the Establishment of District Projects and District Finances.—*

(1) The Board of Supervisors shall have exclusive jurisdiction and control over all of the projects of the District, including but not limited to all drainage and reclamation facilities, water and flood control facilities, water and sewer systems, public utilities and transportation facilities, and over the budget and finances of the District, including without limitation expenditures and appropriations, except to the extent otherwise provided in this Act and except to the extent that the Board of Supervisors may by agreement with any other public or private body authorize the same to exercise jurisdiction or control over any of the projects of the District. Subject to the limitations of and as may be otherwise required in this section and in section 15 of this Act, it shall not be necessary for the District to obtain any certificate of convenience or necessity, franchise, license, permit or other authorization from any bureau, board, commission or like instrumentality of the State or any political subdivision thereof in order to construct, reconstruct, acquire, extend, repair, improve, maintain or operate any project, and the rates, fees, rentals, fares, tolls or other charges to be fixed and collected with respect to the facilities and services of the District shall not be subject to supervision, regulation or the rate-setting power of any bureau, board, commission or other agency of the State or any political subdivision thereof. Nothing in this section or any other section of this Act shall be deemed to exempt any privately owned or operated telephone company, as defined in section 364.02, Florida Statutes, and amendments thereto, or any privately owned or operated electric power company, or any person, firm or corporation other than the District acting either independently, jointly with, as agent of the District or otherwise, from the provisions or requirements of any other law pertaining to the certification or regulation of telephone or electric power companies, persons, firms or corporations, or from the jurisdiction of the Florida public service commission or other regulatory agencies.

(2) Except as otherwise provided in this Act, the budget and finances of the District, including without limitation expenditures and appropriations, and the exercise by the Board of Supervisors of the powers herein provided, shall not be subject to the requirements, limitations or other provisions of chapters 24746 or 26084, Florida Laws, or any other laws of the State now or hereafter enacted pertaining to or regulating the budgets or finances of taxing districts, and the budget and finances of the District shall not be subject to approval or revision by or otherwise come under the jurisdiction or authority of the Budget Commission for Orange County, the State Comptroller or any other bureau, board, commission or agency of the State or any political subdivision thereof.

**Section 23.**

*Section 23. Planning; Building Codes; Safety Regulations; Platting and Subdivisions; Zoning.—*

(1) *Legislative Finding and Declaration.*—The Legislature hereby finds and declares that the provisions of this section and

the powers accorded to the Board of Supervisors under this section are essential to guide and accomplish the coordinated, balanced and harmonious development of the District in accordance with existing and future needs, to promote the health, safety, morals and general welfare of the District and its inhabitants and property owners, to establish, maintain and preserve aesthetic values and preserve and foster the development and display of the natural beauty and attractiveness of the District area and of roadsides within the District, to prevent overcrowding and congestion, to regulate traffic, to secure safety from fire, storm, panic and other dangers, to conserve and provide adequate light and air and to avoid undue concentration of population.

(2) *Exemption from County Zoning and Regulation, State-wide Zoning and Other Zoning Laws.*—Anything in chapters 59-1646, 59-1673, 61-2592, 63-1705, 63-1716, 63-1731, 65-791, 65-975, 65-1171, 65-1999, 65-2004, 65-2015, 65-868, Florida Laws, and any other laws of the State now or hereafter enacted to the contrary notwithstanding, the jurisdiction and powers of the Board of Supervisors with respect to the matters provided for in this section shall be exclusive of any and all codes, ordinances, requirements, plans or other regulations of the respective Boards of County Commissioners of Orange and Osceola Counties or of any other agency or authority of Orange or Osceola County with respect to zoning, building and construction, planning with respect to the subdividing of land, regulation of building safety, regulation of escalators, elevators and other lifting or transportation devices, regulation of amusement and recreation parks and facilities, regulation of plumbing and electrical installations and other safety or sanitary codes, regulation of water supply wells and drainage well drilling, the approval and vacating of plats and subdivisions and the regulation of subdivisions. The District, and all land, properties and activities within the District, shall be exempt from any and all such codes, ordinances, requirements, plans and regulations, and any and all requirements for building and construction permits and licenses pertaining to the same, now or hereafter promulgated by the respective Boards of County Commissioners of Orange and Osceola County, provided, however, that nothing herein shall exempt any general contractor, electrical contractor, builder, owner-builder or specialty contractor from the provisions and requirements of Chapters 65-1171, 65-791, 65-868, Florida Laws, or of any other laws of the State, with respect to examination and licensing, or from any of the fees and bonds required of such contractors or builders by law. The Board of Supervisors may by appropriate rule or regulation provide that the District or such areas or parts thereof as the Board of Supervisors may designate from time to time, shall, for such time or times as the Board of Supervisors may determine, remain or become subject to such county zoning, building and safety codes and regulations, and regulations and controls with respect to subdivisions and plats and the vacating thereof, or any of them, as the Board of Supervisors of the District may determine. The jurisdiction and powers of the Board of Supervisors provided for herein shall also be exclusive of any law now or hereafter enacted providing for land use regulation, zoning or building codes by the State of Florida or any agency or author-

ity of the State, and the provisions of any such law shall not be applicable within the territorial limits of the District. The Board of Supervisors may exercise the powers granted to it in this section within the city limits of any municipality now or hereafter organized or existing within the District, except of the governing body of such municipality has under the terms of its charter or under law like powers as provided for herein, in which event the authority of such municipal governing body with respect to the matters herein provided for shall be exclusive within such city limits.

(3) *Comprehensive Planning; Building and Safety Codes.*—The Board of Supervisors shall have the power :

(a) To adopt, and from time to time review, amend, supplement or repeal, a comprehensive general plan for the physical development of the area within the District in accordance with the objectives and purposes of this Act.

(b) To adopt, and from time to time review, amend, supplement or repeal codes regulating building safety, elevators, escalators and similar devices, the prevention of fire hazards, plumbing and electrical installations, the operation of amusement and recreation parks and facilities, water supply wells and drainage wells, and such other safety or sanitary codes as the Board of Supervisors may determine to be necessary or desirable.

(c) To prohibit the construction, alteration, repair, removal or demolition, or the commencement of the construction, alteration, repair (excepting emergency repairs), removal or demolition, of any building or structure, including but not by way of limitation public utility poles, lines, pipes and facilities, without first obtaining a permit from the Board of Supervisors or such other officer or agency as the Board may designate, and and to prescribe the procedure with respect to the obtaining of such permit.

(d) To provide for the manner in which such comprehensive general plans, codes, regulations and restrictions shall be determined, established and enforced, and from time to time amended, supplemented, changed or repealed, with or without notice and public hearing, as the Board of Supervisors may determine.

(4) *Recording of Plats.*—

(a) Whenever land in the District is platted into lots, blocks, parcels, tracts or other portions, however designated, for residential or commercial purposes, a plat thereof shall be recorded in the public records of Orange or Osceola Counties, as the case may be. No such plat shall be recorded either as an independent instrument or by attachment to another instrument entitled to record unless and until it shall first be approved by the Board of Supervisors. Any plat recorded in violation of this section shall be invalid and subject to expungement. The recording by or presentation for recording to any clerk of any circuit court of any plat in violation of this section shall constitute a misdemeanor.

(b) The Board of Supervisors shall be authorized and empowered to prescribe, as prerequisites to the approval for record

of any plat or plats of lands within the District, the width and location of roads, streets, alleys, thoroughfares and ditches and setback therefrom; to adopt, prescribe and promulgate rules and regulations to effectuate the provisions and purposes of this Act; to prescribe specifications and requirements for regulations relating to the construction of roads, streets, alleys and drainage facilities, minimum lot sizes, maximum block sizes, building lines, names of streets and roads, bridge construction, water supply, sewage disposal and other related matters involving lands to be platted; to prescribe information to be shown on plats, including without limitation parks, recreation areas and open spaces; to require the furnishing to the Board of Supervisors of a good and sufficient bond conditioned upon the completion of the drainage, sewage, streets, roads and alleys and other improvements shown on the plat within such time or times as may be required by the Board of Supervisors, and the said bond shall be approved by the Board of Supervisors.

(c) The Board of Supervisors is further granted the authority and discretion to waive the platting and recording of land into lots, roads, blocks, parcels, tracts or other portions, however designated, in any instance in which the Board determines that the dividing or subdividing of the land without a recorded plat shall not be injurious to the public health, safety, comfort, convenience, welfare and morals of the inhabitants of the District.

(5) *Vacating of Plats.*—

(a) Plats or integrated portions or parcels of land heretofore or hereafter platted within the District may be vacated upon the resolution of the Board of Supervisors upon such terms and conditions as the Board of Supervisors may prescribe by regulation. Such regulation may require, inter alia, the payment of all taxes and assessments and the redemption from all outstanding tax sales, and the dedication to the public of all roads, streets, alleys and other thoroughfares, however designated.

(b) Upon approval by the Board of Supervisors of the recording of a plat or the vacating of a plat or portions thereof, the approval or consent to such recording or vacating shall not be required of any other body, authority or agency of Orange or Osceola County or any political subdivision thereof.

(6) *Subdivision of Lands.*—

(a) In addition to and not in limitation of any of the other powers of the Board of Supervisors under this Act, whenever land in the District is to be subdivided, the proposed plan for subdivision and use of the land shall be presented to the Board of Supervisors for its approval, in accordance with the standards and provisions of this Act and in accordance with any rules and regulations that may be adopted by the Board of Supervisors. The Board shall have the power to adopt subdivision regulations providing:

1. Requirements for general information concerning existing conditions and proposed developments as a prerequisite to the approval of subdivision plans or plats. This information may include without limitation data on existing covenants, land characteristics, community facilities, and utilities and information describing the subdivision proposal, including maps and

reports presenting the number of residential lots, typical lot width and depth, price range, business areas, playgrounds, park areas and other open areas, proposed protective covenants and proposed utilities, drainage and street improvements.

2. For proper density of population and intensity of use and the lengths, widths and shapes of blocks and lots.

3. That streets in proposed subdivisions, including streets bordering on proposed subdivisions, shall be of specified widths and grades and so located as to accommodate prospective traffic to serve proposed subdivisions adequately, afford adequate light and air, facilitate fire protection and provide access for fire-fighting equipment to buildings.

4. That such streets be properly arranged, coordinated and integrated with existing or planned streets, roads or highways.

5. That adequate easements or rights-of-way shall be provided for drainage and all utilities.

6. That the layout and design of proposed subdivisions shall conform to a comprehensive plan adopted by the Board of Supervisors for the area and to measures adopted to implement the comprehensive plan.

7. The dedication or reservation of land for streets.

8. The extent to which grounds which are to be used for public purposes other than streets shall be dedicated or reserved as a condition precedent to approval of any subdivision or plat.

9. That such parks, playgrounds, sites for public building or other areas designated for public use shall be of suitable size and location for their designated uses.

10. The conditions prerequisite to subdivision and development of lands subject to seasonal or periodic flooding.

11. The manner in which and the extent to which streets, sidewalks, water, sewer and other utility connections or mains, piping and any other necessary physical improvements shall be installed, and the specifications therefor, as conditions precedent to final approval of the subdivision plan.

12. The requirements of covenants as a prerequisite to subdivision plan approval.

13. That sufficient and suitable monuments shall be placed to enable the survey of the subdivision or any part thereof to be retraced.

14. The numbering and naming of streets and the providing of street signs.

(b) Subdivision regulations may further provide that the Board shall not approve any subdivision plan or plat unless it finds after full consideration of all pertinent data that the subdivision can be served adequately and economically with such normal public facilities and services as are suitable in the circumstances of the particular case.

(c) Subdivision regulations may further require as a prerequisite to the approval of a subdivision plan that:

1. All required improvements shall be installed in accord with the provisions of the subdivision regulations or amendments thereto, or

2. A surety bond be executed by a company authorized to do business in the State of Florida that is satisfactory to the Board of Supervisors, payable to the District in sufficient amount to assure the completion of all required improvements, and providing for and securing to the public the actual construction and installation of such improvements within a period required by the Board and expressed in the bond. The Board is hereby granted the power to enforce such bonds by resort to legal and equitable remedies. As an alternative to the provision of a surety bond, such regulations may also provide for the deposit of cash in an escrow account whereby the Board or its agent is put in an assured position to provide the required improvements.

(7) *Variances and Waivers.*—

(a) Where the Board of Supervisors finds that extraordinary hardships may result from strict compliance with its regulations concerning subdivision and platting, it may vary the regulations so that substantial justice may be done and the public interest secured, provided that such variation will not have the effect of nullifying the intent and purpose of the comprehensive general plan or the regulations of the Board.

(b) The regulations of the Board may further provide that the standards and requirements set out in the regulations may be modified by the Board in the case of a plan and program for a new town which comes under the provisions of this Act, a complete community, or a neighborhood unit, which, in the judgment of the Board, provides adequate public spaces and improvements for the circulation, recreation, light, air and service needs of the tract when fully developed and populated, and which also provides such covenants or other legal provisions as will assure conformity with and achievement of the comprehensive plan of the Board of Supervisors. In granting any such modifications, the Board may require such reasonable conditions and safeguards as will secure substantially the objectives of the standards or requirements so modified.

(c) The Board of Supervisors may waive any or all of the requirements of this section of the Act and the rules and regulations adopted thereunder, if it is determined upon the plans and data submitted by the subdivider that compliance with this section is not required because said plan or plat shall not conflict with or nullify the intent and purpose of this Act. If a waiver is granted, compliance with this section shall not be required as long as the plan, plat and use of the land upon which the waiver is granted shall not be altered, changed or modified by the subdivider or subsequent owner. In granting variances and modifications, the Board may require such conditions as will in its judgment secure substantially the objectives of the standards or requirements so varied or modified.

(8) *Zoning; Planning and Zoning Commission; Zoning Board of Adjustment.*—In addition to and not in limitation of the foregoing, the Board of Supervisors shall have the power to:

(a) Regulate, restrict and determine the location, height, number of stories, size, cubic contents, area and design, and the

erection, construction, reconstruction, alteration and repair, of buildings and other structures for trade, industry, residence and other purposes, and the materials used in the construction thereof; the number, location, height, size, appearance and use of billboards and all other advertising signs, banners, handbills and devices; the percentage and portion of lots and land that may be occupied or built on; setback lines, the size of yards, courts and other open spaces; the density of population; the use of buildings, structures, land and water for trade, industries, residences, apartment houses and any and all other purposes; the location, size and plan of parks and recreational areas, schools, school sites, churches, cemeteries, burial places, commercial and industrial facilities, public and private utilities, traffic, parking facilities and drainage and water control facilities; and to appoint inspectors.

(b) Adopt regulations to prohibit or control the pollution of air and water, and require electrical power, telephone and other utility lines, cables, pipes and ducts to be placed underground.

(c) Divide the District into zones or districts of such number, shape and area as the Board of Supervisors may deem best suited to carry out the purposes of this section, and within and for each such district make regulations and restrictions as provided for in subsections (a) and (b) above. All such regulations shall be uniform throughout each district, but the regulations in one district may differ from those in another district.

(d) Provide for the manner in which zoning regulations and restrictions and the boundaries of zones and districts shall be determined, established and enforced, and from time to time amended, supplemented or repealed.

(e) In appropriate cases, and subject to such principles, standards, rules, conditions and safeguards as may be provided by regulation, make special exceptions to the terms of the zoning regulations and restrictions in harmony with their general purpose and intent, and authorize variances from the strict application of the regulations and restrictions in such situations and subject to such limitations as may be provided by regulation.

(f) Establish a Planning and Zoning Commission, and prescribe the powers, duties and functions of such Planning and Zoning Commission, the requirements for membership on the commission, the term or terms of office of members of the commission, the rules and procedure to be followed in proceedings before or involving the commission and as to all other matters affecting the organization and functioning of the commission, and appoint the members thereof. The Board of Supervisors may by regulation authorize the Planning and Zoning Commission to discharge such of the administrative duties, powers and functions of the Board of Supervisors with respect to zoning as may be provided in such regulation.

(g) Hear and decide appeals from any order, requirement, decision or determination of the Planning and Zoning Commission or by any administrative official in connection with any zoning matter, hear and decide requests for special exceptions from the terms and provisions of any planning or zoning regulation or restriction, and grant variances from the terms of

any planning or zoning regulation or restriction in appropriate cases. The Board of Supervisors may by regulation provide for a Zoning Board of Adjustment to discharge any or all of the foregoing administrative functions and duties, prescribe the requirements for membership on the Zoning Board of Adjustment, the term or terms of office, the rules and regulations for all proceedings before or involving such Zoning Board of Adjustment and as to all other matters affecting the organization and functioning of the Zoning Board of Adjustment, and appoint the members thereof.

(9) Any regulations adopted pursuant to the provisions of this section relating to safety, health, sanitation or building safety shall prescribe standards at least equivalent to the minimum standards in applicable statewide regulations protecting the general safety and welfare of the public.

Section 24. *Ad Valorem Taxes.*—The Board of Supervisors shall have the power to levy and assess an ad valorem tax on all the taxable real and tangible personal property in the District to pay the principal of and interest on any general obligation bonds of the District, to provide for any sinking or other funds established in connection with any such bonds, and to finance and defray the cost of any of the projects or activities of the District authorized by the provisions of this Act or under law. The total amount of such ad valorem taxes levied in any year shall not be in excess of thirty (30) mills on the dollar per annum on the assessed value of the taxable property within the District. The ad valorem tax provided for herein shall be in addition to county and municipal ad valorem taxes provided for by law.

Section 24.

Section 25. *Maintenance Taxes.*—In addition to the ad valorem taxes authorized by section 24 of this Act, the Board of Supervisors is authorized to levy and assess a maintenance tax as provided for in section 298.54, Florida Statutes, and amendments thereto, in an amount not to exceed the maximum rate therein provided; and in addition thereto, a special ad valorem maintenance tax on all of the taxable real and tangible personal property in the District, at a rate not exceeding ten (10) mills on the dollar per annum, for the purpose of defraying any of the costs and expenses of the District, including but not limited to maintenance, repair and operation of the projects of the District, costs incurred in connection with the financing of District projects, and costs of administration.

Section 25.

Section 26. *Determining Property Values for Ad Valorem Tax Purposes.*—Ad valorem taxes of the District shall be based on the assessed valuation for county taxes of the real and personal property subject to such District ad valorem taxes.

Section 26.

Section 27. *Utility Tax.*—

Section 27.

(1) The District shall have the right, power and authority by resolution of the Board of Supervisors to impose, levy and collect on each and every purchase of electricity, metered or bottled gas (natural, liquified, petroleum gas or manufactured), water service, telephone service and telegraph service in its geographic limits, a tax (straight percentage, sliding scale, graduated or other basis) in an amount not to exceed ten (10) per cent of the payments received by the seller of such utility

service from the purchaser for the purchase of such utility service, provided, however, that the sale of natural gas to a public or private utility, including municipal corporations and rural electric cooperative associations, either for resale or for use as fuel in the generation of electricity or other forms of power shall not be deemed to be a utility service and purchases thereof under such circumstances shall not be taxable hereunder. In every case the tax shall be collected from the purchaser of such utility service and paid by such purchaser for the use of the District to the seller of such utility service at the time of the purchaser paying the charges therefor to the seller.

(2) It shall be the duty of every seller of such utility service, in acting as a tax collection medium or agency for the District, to collect from the purchaser, for the use of the District, any tax imposed and levied by resolution of the Board of Supervisors pursuant to this section, and to report and pay over to the Board of Supervisors or such other body or officer as the Board of Supervisors may designate all such taxes imposed, levied and collected in accordance with the accounting and other provisions of the resolution of the Board of Supervisors. Any such resolution may provide that federal, state, county and municipal governments and their commissions and agencies, other tax-supported bodies, public corporations, authorities, boards and commissions, and churches and other charitable organizations, shall be exempt from the payment of the taxes imposed and levied thereby. In the event any such resolution imposes such a tax on the purchase of one of the utility services described herein and a competitive utility service or services are purchased in the District, then such resolution shall impose a tax in like amount on the purchase of the competitive utility service or services whether privately or publicly owned or distributed; however, telephone service and telegraph service or other forms of communication shall not be required to be considered competitive services.

(3) Any tax levied pursuant to this section shall be separate and in addition to all other taxes, whether levied in the form of excise, license or privilege taxes.

(4) Any person, firm or corporation furnishing such utility service and required to collect any such tax who shall refuse to collect the tax or any portion thereof, shall be liable for and pay the tax himself.

(5) Each person, firm or corporation furnishing such utility service to users in the District may be required by resolution of the Board of Supervisors to keep accurate records of the number of such users, the amount of tax collected, and such other information as the Board of Supervisors may require, and to submit periodic reports of the same to the District or its agent for collection, together with remittance of the tax. The Board of Supervisors may prescribe the form of report and fix a date upon which the report and tax shall be due. Any such person, firm or corporation required to keep records, make reports, or remit taxes who shall neglect or refuse to do so shall be guilty of a misdemeanor.

(6) For the purpose of compensating the person, firm or corporation furnishing utility services hereunder for the keeping of records prescribed and proper accounting and remission, the

Board of Supervisors is authorized to allow a credit in an amount set by the Board to be deducted from the amount of the tax submitted.

Section 28. *Determining Annual Installments of Drainage Taxes.*—The Board of Supervisors shall determine, order and levy the amount of the annual installments of the total taxes levied under section 298.36, Florida Statutes, and amendments thereto, which shall become due and be collected during each year.

Section 29. *Collection of Ad Valorem Taxes; Tax Discounts.*—

(1) The levy by the Board of Supervisors of the taxes authorized by or referred to in sections 24 and 25 of this Act shall be by resolution of the Board entered upon the minutes of the Board. Certified copies of such resolution executed in the name of the Board by its chairman, or such other officer as the Board may designate, under its corporate seal, shall be made and delivered to the respective Boards of County Commissioners of Orange and Osceola Counties not later than the 15th day of June of each year in which said taxes are levied. It shall be the duty of the respective County Commissioners of Orange and Osceola Counties to order and require the respective county tax assessors of said counties to assess, and the respective county tax collectors of said counties to collect, the amount of taxes so assessed or levied by the Board of Supervisors of the District upon the taxable property within said District not exempt by law, at the rate of taxation adopted by the Board of Supervisors of the District for such year, and to include in the warrant of the tax assessor and attach to or show the same on the assessment roll of taxes for such year. The said tax collectors shall collect such taxes so levied by the Board of Supervisors of the District in the same manner as other taxes are collected and shall pay the same over to the Board of Supervisors of the District within the time and in the manner prescribed by law for the payment by the tax collector of county taxes to the county depository. The respective county tax collectors shall include and state separately on the official county tax bill and receipt each year the amount of District taxes. For their services rendered hereunder the respective county tax assessors and collectors shall be compensated by the District as prescribed by section 298.401, Florida Statutes, and amendments thereto.

(2) In lieu of the procedures prescribed in subsection (1) above, the Board of Supervisors may by resolution direct that any or all of the taxes of the District shall be assessed and collected in such manner and by such officers or employees of the District as the Board of Supervisors may prescribe, require the maintenance and prescribe the form of a District tax book and of District tax bills and otherwise provide for the assessment and collection of District taxes.

(3) The ad valorem taxes referred to and provided for in section 24 of this Act and the maintenance and special ad valorem maintenance taxes referred to and provided for in section 25 of this Act shall be subject to the same discounts as county taxes. None of the other taxes referred to or provided for in this Act or chapter 298, Florida Statutes, shall be subject to discounts for early payment unless the Board of Super-

visors so provides by resolution adopted at the time of the levying or assessment thereof. Except as otherwise provided in this Act, all taxes remaining unpaid after the first day in April of the year following that for which said taxes are levied shall be and become delinquent and bear a penalty of two (2) per cent a month on the amount of said taxes from date of delinquency until paid. In computing said penalty, each fractional part of a month shall be counted as a full month.

**Section 30.****Section 30. *Tax Liens; Service Charge Liens.*—**

(1) All taxes of the District provided for in this Act or chapter 298, Florida Statutes, together with all penalties for default in payment of the same and all costs in collecting the same, including a reasonable attorney's fee fixed by the court and taxed as costs in the action brought to enforce payment, shall from January 1 for each year the property is liable to assessment and until paid constitute a lien of equal dignity with the liens for state and county taxes and other taxes of equal dignity with state and county taxes upon all the real and personal property against which such taxes shall be levied. A sale of any of the real property within the District for state and county or other taxes shall not operate to relieve or release the property so sold from the lien for subsequent District taxes, or installments of District taxes, which lien may be enforced against such property as though no such sale thereof had been made. The provisions of sections 192.21 and 200.02, Florida Statutes, and amendments thereto, shall be applicable to District taxes with the same force and effect as if said provisions were expressly set forth in this Act.

(2) Charges and fees due or to become due under any service agreements entered into by the District pursuant to subsection 5 of section 18 of the Act shall constitute a lien of equal dignity with District taxes, as provided for in subsection 1 above, upon all the real and personal property to which such service agreements relate or by which the same are secured, and the provisions of subsection 1 above shall be applicable to such charges and fees.

**Section 31.****Section 31. *Foreclosure of Liens.*—**

(1) Any lien in favor of the District arising under chapter 298, Florida Statutes, or under this Act may be foreclosed by the District by bringing foreclosure proceedings in the name of the District in the Circuit Court for the Ninth Circuit in like manner as is provided in chapter 173, Florida Statutes, and amendments thereto, and the provisions of said chapter shall be applicable to such proceedings with the same force and effect as if said provisions were expressly set forth in this Act. Any act required or authorized to be done by or on behalf of a city or town in foreclosure proceedings under chapter 173, Florida Statutes, may be performed by such officer or agent of the District as the Board of Supervisors may designate. Such foreclosure proceedings may be brought at any time after the expiration of one (1) year from the date any tax, or installment thereof, becomes delinquent.

(2) As an alternative to the foregoing, the District may at any time foreclose any lien for delinquent taxes or installments thereof by a chancery action brought in the name of the Dis-

tract in the Circuit Court for the Ninth Circuit. The pleadings, process, practice and sales in such proceedings shall be the same as in actions for the foreclosure of mortgages upon real property. One or more parcels of land may be included in the same suit.

(3) In any foreclosure action filed by the District pursuant to this section, the District may join as a party defendant Orange County or Osceola County, as the case may be, for the purpose of determining the amount of their respective tax liens. When a county is so joined in such a foreclosure action, the judicial sale held in such action shall operate to satisfy all county tax liens to the date of such sale, and the net proceeds of such sale shall be applied first against delinquent State and county taxes and thereafter against delinquent District taxes on the property affected. The decree of the court in any such foreclosure action shall operate to quiet title to the property that is the subject of the action.

Section 32. *Payment of Taxes and Redemption of Tax Liens by the District; Sharing in Proceeds of Tax Sale under Section 194.21, Florida Statutes.—*

(1) The District has the right to (a) pay any delinquent state, county, district, municipal or other tax or assessment upon lands located wholly or partially within the boundaries of the District; and (b) redeem or purchase any tax sales certificate issued or sold on account of any state, county, district, municipal or other taxes or assessments upon lands located wholly or partially within the boundaries of the District.

(2) Delinquent taxes paid, or tax sales certificates redeemed or purchased, by the District, together with all penalties for the default in payment of the same and all costs in collecting the same and a reasonable attorney's fee, shall constitute a lien in favor of the District of equal dignity with the liens of state and county taxes and other taxes of equal dignity with state and county taxes, upon all the real property against which said taxes were levied. The lien of the District may be foreclosed in the manner provided in this Act.

(3) In any sale of land pursuant to section 194.21, Florida Statutes, and amendments thereto, the District may certify to the clerk of the circuit court of the county holding such sale, the amount of taxes due to the District upon the lands sought to be sold, and the District shall share in the disbursement of the sales proceeds in accordance with the provisions of this Act and under law.

Section 33. *General Obligation Bonds.—*

(1) The District shall have the power from time to time to issue general obligation bonds in an aggregate principal amount of bonds outstanding at any one time not in excess of fifty (50) percent of the assessed value of the taxable property within the District as shown on the pertinent tax records at the time of the authorization of the general obligation bonds for which the full faith and credit of the District is pledged. Except for refunding bonds, no general obligation bonds shall be issued unless the issuance thereof shall have been approved at an election of freeholders held in accordance with the requirements for such

Section 32.

Section 33.

election as prescribed by the Constitution of the State of Florida, such election to be called and held in the manner provided in the Constitution and statutes of the State of Florida for freeholder elections. Such elections shall be called to be held in the District by the respective Boards of County Commissioners of Orange and Osceola Counties upon the request of the Board of Supervisors of the District. The expenses of calling and holding such referendum elections shall be borne by the District, and the District shall reimburse the Board of County Commissioners of Orange and Osceola Counties, as the case may be, for any expenses incurred by said Boards in calling or holding such elections. In the alternative, at the option of the Board of Supervisors, the Board of Supervisors may make such other provision for the registration of such qualified electors who are freeholders and the calling and holding of such elections as the Board may from time to time deem appropriate.

(2) The District may pledge its full faith and credit for the payment of the principal and interest on such general obligation bonds, and for any reserve or other funds provided therefor, and may unconditionally and irrevocably pledge itself to levy ad valorem taxes on all taxable property in the District, to the extent necessary for the payment thereof, subject, however, to the limitations on the total amount of ad valorem taxes that may be levied in any one year as specified in section 24 of this Act.

(3) If the Board of Supervisors shall determine to issue general obligation bonds for more than one different purpose, the approval of the issuance of the bonds for each and all such purposes may be submitted to the freeholders on one and the same ballot. The failure of the freeholders to approve the issuance of bonds for any one or more purposes shall not defeat the approval of bonds for any purpose which shall be approved by the freeholders.

**Section 34.****Section 34. *Revenue Bonds.*—**

(1) The District shall have the power to issue revenue bonds from time to time without limitation as to amount. Such revenue bonds may be secured by or payable from the gross or net pledge of the revenues to be derived from any project or combination of projects, from the rates, fees, tolls, fares or other charges to be collected from the users of any project or projects, from any revenue-producing undertaking or activity of the District, or from any other source or pledged security. Such bonds shall not constitute an indebtedness of the District, and the approval neither of the qualified electors nor of the qualified electors who are freeholders shall be required unless such bonds are additionally secured by the full faith and credit and taxing power of the District.

(2) Any two or more projects may be combined and consolidated into a single project, and may thereafter be operated and maintained as a single project. The revenue bonds authorized herein may be issued to finance any one or more such projects separately, or to finance two or more such projects, regardless whether or not such projects have been combined and consolidated into a single project. If the Board of Supervisors deems it advisable, the proceedings authorizing such revenue bonds may provide that the District may thereafter combine the proj-

ects then being financed or theretofore financed with other projects to be subsequently financed by the District, and that revenue bonds to be thereafter issued by the District shall be on parity with the revenue bonds then being issued, all on such terms, conditions and limitations as shall be provided, and may further provide that the revenues to be derived from the subsequent projects shall at the time of the issuance of such parity revenue bonds be also pledged to the holders of any revenue bonds theretofore issued to finance the revenue undertakings which are later combined with such subsequent projects. The District may pledge for the security of the revenue bonds a fixed amount, without regard to any fixed proportion of the gross revenues of any project.

Section 35. *Utility Service Tax Bonds.*—The District shall have the power to issue from time to time without limitation as to amount, bonds payable from the proceeds of any utility service taxes or funds of the District, or any combination of the same. Such bonds shall not constitute an indebtedness of the District and the approval neither of the qualified electors nor of the qualified electors who are freeholders shall be required unless such bonds are additionally secured by the full faith and credit and taxing power of the District.

Section 36. *Issuance of Additional Bonds.*—If the proceeds of any bonds shall be less than the cost of completing the project in connection with which such bonds are issued, the Board of Supervisors may authorize the issuance of additional bonds, upon such terms and conditions as the Board of Supervisors may provide in the resolution authorizing the issuance thereof, but only in compliance with the resolution or other proceedings authorizing the issuance of the original bonds.

Section 37. *Refunding Bonds.*—The District shall have the power to issue bonds to provide for the retirement or refunding of any bonds or obligations of the District that at the time of such issuance are or subsequently thereto become due and payable, or that at the time of issuance have been called or are or will be subject to call for redemption within ten (10) years thereafter, or the surrender of which can be procured from the holders thereof at prices satisfactory to the Board of Supervisors. Refunding bonds may be issued at any time when in the judgment of the Board of Supervisors such issuance will be advantageous to the District. No approval of the qualified electors who are freeholders residing in the District shall be required for the issuance of refunding bonds except in cases where such approval is required by the Constitution of the State of Florida. The Board of Supervisors may by resolution confer upon the holders of such refunding bonds all rights, powers and remedies to which the holders would be entitled if they continued to be the owners and had possession of the bonds for the refinancing of which said refunding bonds are issued, including but not limited to the preservation of the lien of such bonds on the revenues of any project or on pledged funds, without extinguishment, impairment or diminution thereof. The provisions of this Act pertaining to bonds of the District shall, unless the context otherwise requires, govern the issuance of refunding bonds, the form and other details thereof, the rights of the holders thereof, and the duties of the Board of Supervisors with respect to the same.

Section 35.

Section 36.

Section 37.

## Section 38.

Section 38. *Pledging Ad Valorem Taxes, Assessments and Other Revenues and Properties as Additional Security on Bonds.*

—The District may pledge as additional security for the payment of any of the bonds of the District its full faith and credit and ad valorem taxing power, and provide that such bonds shall be payable as to both principal and interest, and as to any reserve or other funds provided therefor, from ad valorem taxes levied on the taxable real and tangible personal property in the District, to the full extent that any revenues (as defined in section 18 of this Act), taxes, assessments or other funds, or any combination thereof, pledged therefor are insufficient for the full payment of the same, but subject to the limitations on the total amount of ad valorem taxes that may be levied in any one year specified in section 24 of this Act, and provided further that no bonds shall be issued to the payment of which the full faith and credit and taxing power of the District is pledged unless approved at an election in the manner provided by law. The District by resolution of the Board of Supervisors may also pledge as additional security for any bonds the revenues from any project of the District, utility service taxes, assessments, and any other sources of revenues or funds, or any combination of the foregoing, and may pledge or mortgage any of the properties, rights, interests or other assets of the District, and such pledge shall not require the submission to or approval by the qualified electors who are freeholders of the District unless required by the Constitution of the State of Florida. The Board of Supervisors may also provide with respect to any bonds of the District that such bonds shall be payable, in whole or in part, as to principal amount or interest, or both, out of rates, fees, tolls, fares, service charges or other charges collected with respect to any of the projects of the District.

## Section 39.

Section 39. *Lien of Pledges.*—All pledges of revenues, taxes and assessments made pursuant to the provisions of this Act shall be valid and binding from the time when such pledges are made. All such revenues, taxes and assessments so pledged and thereafter collected shall immediately be subject to the lien of such pledges without any physical delivery thereof or further action, and the lien of such pledges shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the District, irrespective of whether such parties have notice thereof.

## Section 40.

Section 40. *Assessable Improvements; Levy and Payment of Special Assessments; Assessment Bonds and Certificates.*—The District may provide for the construction or reconstruction of assessable improvements, and for the levying of special assessments upon benefited property for the payment thereof, under the provisions of this section.

(1) The initial proceeding under this section shall be the passage by the Board of Supervisors of a resolution ordering the construction or reconstruction of such assessable improvements, indicating the location by terminal points, routes or otherwise, and either giving a description of the improvements by their material, nature, character and size or giving two or more descriptions with the directions that the material, nature, character and size shall be subsequently determined in conformity with one of such descriptions. Assessable improvements

need not be continuous and may be in more than one locality or street. The resolution ordering any such improvement may give any short and convenient designation to each improvement ordered thereby, and the property against which assessments are to be made for the cost of such improvement may be designated as an assessment district, followed by a letter or number or name to distinguish it from other assessment districts, after which it shall be sufficient to refer to such improvement and property by such designation in all proceedings and assessments, except in the notices required by this section.

(2) As soon as possible after the passage of such resolution the engineer for the District shall prepare in duplicate plans and specifications for each improvement ordered thereby and an estimate of the cost thereof. Such cost shall include, in addition to the items of cost as defined in this Act, the cost of relaying streets, sidewalks and other public facilities or conveniences necessarily torn up or damaged and the following items of incidental expenses:

- (a) Printing and publishing notices and proceedings;
- (b) Costs of abstracts of title; and

(c) Any other expense necessary or proper in conducting the proceedings and work provided for in this section, including the estimated amount of discount, if any, upon the sale of assessment bonds or any other obligations issued hereunder for which such special assessments are to be pledged. If the resolution shall provide alternative descriptions of material, nature, character and size, such estimate shall include an estimate of the cost of the improvement of each such description.

The engineer shall also prepare in duplicate a tentative apportionment of the estimated total cost of the improvement as between the district and each lot or parcel of land subject to special assessment under the resolution, such apportionment to be made in accordance with the provisions of the resolution and in relation to apportionment of cost provided herein for the preliminary assessment roll. Such tentative apportionment of total estimated cost shall not be held to limit or restrict the duties of the engineer in the preparation of such preliminary assessment roll. One of the duplicates of such plans, specifications and estimates and such tentative apportionment shall be filed with the Board of Supervisors and the other duplicate shall be retained by the engineer in his files, all thereof to remain open to public inspection.

(3) The Board of Supervisors upon the filing with it of such plans, specifications, estimates and tentative apportionment of cost shall publish once in a newspaper or newspapers published or of general circulation in Orange and Osceola Counties a notice stating that at a meeting of the Board of Supervisors on a certain day and hour, not earlier than fifteen (15) days from such publication, the Board of Supervisors will hear objections of all interested persons to the confirmation of such resolution, which notice shall state in brief and general terms a description of the proposed assessable improvements with the location thereof, and shall also state that plans, specifications, estimates and tentative apportionment of cost thereof are on file with the Board of Supervisors. The Board of Supervisors shall keep a

record in which shall be inscribed, at the request of any person, firm or corporation having or claiming to have any interest in any lot or parcel of land or property, the name and post office address of such person, firm or corporation, together with a brief description or designation of such lot or parcel, and it shall be the duty of the Board of Supervisors to mail a copy of such notice to such person, firm or corporation at such address, at least ten (10) days before the time for the hearing as stated in such notice, but the failure of the Board of Supervisors to keep such record or so to inscribe any name or address or to mail any such notice shall not constitute a valid objection to holding the hearing as provided in this section or to any other action taken under the authority of this section.

(4) At the time named in such notice, or to which an adjournment may be taken by the Board of Supervisors, the Board of Supervisors shall receive any objections of interested persons and may then or thereafter repeal or confirm such resolution with such amendments, if any, as may be desired by the Board of Supervisors and which do not cause any additional property to be specially assessed.

(5) All objections to any such resolution on the ground that it contains items which cannot be properly assessed against property, or that it is, for any default or defect in the passage or character of the resolution or the plans or specifications or estimates, void or voidable in whole or in part, or that it exceeds the power of the Board of Supervisors, shall be made in writing in person or by attorney, and filed with the Board of Supervisors at or before the time or adjourned time of such hearing. Any objections against the making of any assessable improvements not so made shall be considered as waived, and if any objection shall be made and overruled or shall not be sustained, the confirmation of the resolution shall be the final adjudication of the issues presented unless proper steps shall be taken in the Circuit Court for the Ninth Circuit to secure relief within twenty (20) days.

(6) Whenever any resolution providing for the construction or reconstruction of assessable improvements and for the levying of special assessments upon benefited property for the payment thereof shall have been confirmed, as hereinabove provided, or at any time thereafter, the Board of Supervisors may issue assessment bonds payable out of such assessments when collected. Said bonds shall mature not later than two (2) years after the last installment in which said special assessments may be paid, as provided in subsection (10), and shall bear interest at not exceeding six (6) percent per annum. Such assessment bonds shall be executed, shall have such provisions for redemption prior to maturity, shall be sold in the manner and be subject to all of the applicable provisions contained in this Act for revenue bonds, except as the same are inconsistent with the provisions of this section. The amount of such assessment bonds for any assessable improvement, after the confirmation of the initial resolution, shall not exceed seventy (70) percent of the estimated amount of the cost of such assessable improvements which are to be specially assessed against the land or property to be specially benefited thereby, as shown in the estimates of the engineer for the District referred to in subsection (2). The amount of such assessment bonds for any assessable improve-

ment to be issued, after the confirmation of the preliminary assessment roll provided for in subsection (9), including any assessment bonds theretofore issued, shall not exceed the amount of special assessments actually confirmed and levied by the Board of Supervisors as provided in subsection (9).

Such assessment bonds shall be payable from the proceeds of the special assessments levied for the assessable improvement for which such assessment bonds are issued; provided, however, that the District may pledge the full faith and credit of the District for the payment of the principal of and interest on such assessment bonds if the issuance of such assessment bonds shall be approved in the manner provided by law.

(7) After the passage of the resolution authorizing the construction or reconstruction of assessable improvements has been confirmed as provided in subsection (4), the District may proceed with the construction or reconstruction work in accordance with the provisions of section 66 of this Act. Promptly after the completion of the work, the engineer for the District, who is hereby designated as the official of the District to make preliminary assessment of benefits from assessable improvements, shall prepare a preliminary assessment roll and file the same with the Board of Supervisors, which roll shall contain the following:

(a) A description of the lots and parcels of land or property within the District which will benefit from such assessable improvements and the amount of such benefits to each such lot or parcel of land or property, and the preliminary assessment. Such lots and parcels shall include the property of the county or counties and any school district or other political subdivision within the District. There shall also be given the name of the owner of record of each lot or parcel where practicable, and a statement of the method of assessment used by such engineer.

(b) The total cost of the improvement and the amount of incidental expense.

In making such preliminary assessments the engineer may use any method of determining the amount of special benefits accruing to each lot or parcel of land or property from such assessable improvements as shall be approved by the Board of Supervisors. Such special benefits may be based on an acreage assessment where benefits from such assessable improvements are equal or nearly equal for lands or property in a particular area, front footage, or any other factors which the Board of Supervisors deems fair and equitable as between the different lots or parcels of land or property benefited. It shall be the duty of the engineer in making such preliminary assessment roll to view all lots or parcels of land or property to be assessed, and to determine, for the preliminary assessment roll, the amount of benefit which each lot or parcel of land or property will receive from such assessable improvements, under the method or methods prescribed by the Board of Supervisors, or any combination thereof.

(8) The preliminary roll shall be advisory only and shall be subject to the action of the Board of Supervisors as hereinafter provided. Upon the filing with the Board of Supervisors of the preliminary assessment roll, the Board of Supervisors shall pub-

lish at least once in a newspaper or newspapers published or of general circulation within Orange and Osceola Counties, a notice stating that at a meeting of the Board of Supervisors to be held on a certain day and hour, not less than fifteen (15) days from the date of such publication, which meeting may be a regular, adjourned or special meeting, all interested persons may appear and file written objections to the confirmation of such roll. Such notice shall state the class of the assessable improvements and the location thereof by terminal points, route or otherwise. The Board of Supervisors shall also mail a copy of such notice to the persons, firms or corporations referred to in subsection (3) at least ten (10) days before the time for the meeting as stated in such notice, but the failure of the Board of Supervisors to mail any such notice shall not constitute a valid objection to holding such meeting or to any other action taken under the authority of this section.

(9) At the time and place stated in such notice the Board of Supervisors shall meet and receive the objections in writing of all interested persons as stated in such notice. The Board of Supervisors may adjourn the hearing from time to time. After the completion thereof the Board of Supervisors shall either annul or sustain or modify in whole or in part the preliminary assessment as indicated on such roll, either by confirming the preliminary assessment against any or all lots or parcels described therein or by cancelling, increasing or reducing the same, according to the special benefits which the Board of Supervisors decides each such lot or parcel has received or will receive on account of such improvement. If any property which may be chargeable under this section shall have been omitted from the preliminary roll, or if the preliminary assessment shall not have been made against it, the Board may place on such roll an apportionment to such property. The Board of Supervisors shall not confirm any assessment in excess of the special benefits to the property assessed, and the assessments so confirmed shall be in proportion to the special benefits. The assessment so made shall be final and conclusive as to each lot or parcel assessed unless proper steps be taken within thirty (30) days in the Circuit Court for the Ninth Circuit to secure relief. If the assessment against any property shall be sustained or reduced or abated by the court, the Board of Supervisors shall note that fact on the assessment roll opposite the description of the property affected thereby. The amount of the special assessment against any lot or parcel which may be reduced or abated by the court, unless the assessment upon the entire District be reduced or abated, or the amount by which such assessment is so reduced or abated, may by resolution of the Board of Supervisors be made chargeable against the District at large; or, at the discretion of the Board of Supervisors, a new assessment roll may be prepared and confirmed in the manner hereinabove provided for the preparation and confirmation of the original assessment roll.

(10) Any assessment may be paid at the office of the Board of Supervisors within sixty (60) days after the confirmation thereof, without interest. Thereafter all assessments shall be payable at such times, over such period of years not exceeding twenty (20) years, and in such annual or other installments, with interest at such rate not exceeding eight (8) percent per

annum on the principal amount of such assessments from the expiration of said sixty (60) days, as the Board of Supervisors shall determine by resolution. The Board of Supervisors may provide that any assessment may be paid at any time before due, together with interest accrued thereon to the date of prepayment, if such prior payment shall be permitted by the proceedings authorizing any assessment bonds or other obligations for the payment of which such special assessments have been pledged.

(11) All such special assessments shall be collected by the respective tax collectors for Orange and Osceola Counties, as the case may be, (in which event the last sentence of subsection(1) of section 29 shall be applicable), or by such other officer or agent as the Board may designate, at such time or times as the Board of Supervisors shall specify in the proceedings authorizing or confirming the special assessments, and if no other time is specified then at the same time as general county taxes are collected in Orange and Osceola Counties.

(12) All assessments shall constitute a lien upon the property so assessed from the date of confirmation of the resolution ordering the improvement, of the same nature and to the same extent as the lien for general county taxes falling due in the same year or years in which such assessments or installments thereof fall due, and any assessment or installment not paid when due shall be collectible with such interest and with a reasonable attorney's fee and costs, but without penalties, by the District by proceedings in the Circuit Court for the Ninth Circuit to foreclose the lien of assessments as a lien for mortgages is or may be foreclosed under the laws of the State; provided that any such proceedings to foreclose shall embrace all installments of principal remaining unpaid with accrued interest thereon, which installments shall, by virtue of the institution of such proceedings, immediately become due and payable. Nevertheless, if prior to any sale of the property under decree of foreclosure in such proceedings, payment be made of the installment or installments which are shown to be due under the provisions of the resolution passed pursuant to subsection (9) and by subsection (10), and all costs including interest and attorney's fees, such payment shall have the effect of restoring the remaining installments to their original maturities, and the proceedings shall be dismissed. It shall be the duty of the District to enforce the prompt collection of assessments by the means herein provided, and such duty may be enforced at the suit of any holder of bonds issued under this Act in the Circuit Court for the Ninth Circuit by mandamus or other appropriate proceedings or action. Not later than thirty (30) days after any installments are due and payable, it shall be the duty of the Board of Supervisors to direct the attorney or attorneys whom the Board of Supervisors shall then designate to institute action within two (2) months after such direction to enforce the collection of all special assessments for assessable improvements made under this section and remaining due and unpaid at the time of such direction. Such action shall be prosecuted in a manner and under the conditions in and under which mortgages are foreclosed under the laws of the State. It shall be lawful to join in one action the collection of assessments against any or all property assessed by virtue of the same assessment

roll unless the court shall deem such joinder prejudicial to the interests of any defendant. The court shall allow a reasonable attorney's fee for the attorney or attorneys of the District, and the same shall be collectible as a part of or in addition to the costs of the action. At the sale pursuant to decree in any such action, the District may be a purchaser to the same extent as an individual person or corporation, except that the part of the purchase price represented by the assessments sued upon and the interest thereon need not be paid in cash. Property so acquired by the District may be sold or otherwise disposed of, the proceeds of such disposition to be placed in the fund provided by subsection (13) of this section, provided, however, that no sale or other disposition thereof shall be made unless the notice calling for bids therefor to be received at a stated time and place shall have been published at least once in a newspaper or newspapers published or of general circulation in Orange and Osceola Counties.

(13) All assessments and charges made under the provisions of this section for the payment of all or any part of the cost of any assessable improvements for which assessment bonds shall have been issued under the provisions of this law, or which have been pledged as additional security for any other bonds or obligations issued under this Act, shall be maintained in a special fund or funds and be used only for the payment of principal of or interest on such assessment bonds or other bonds or obligations.

(14) Orange and Osceola Counties and each school district and other political subdivision wholly or partly within the District shall possess the same power and be subject to the same duties and liabilities in respect of the special assessments under this section affecting the real estate of such county, school district or other political subdivision which private owners of real estate possess or are subject to hereunder, and such real estate of any such county, school district and political subdivision shall be subject to liens for said assessments in all cases where the same property would be subject to such liens had it at the time the lien attached been owned by a private owner.

(15) Subject to the terms of any bonds or other obligation payable from or secured by the assessments provided for herein, the Board of Supervisors may at any time and from time to time modify, in whole or in part, or revoke any plan or specification for any assessable improvement. In connection with the revision of any such plan or specification, benefits may be reassessed or additional assessments made in accordance with the provisions and procedures of this section 40. The Board of Supervisors may at any time approve and make effective technical changes and modifications of any plan for any improvement not affecting the determination of assessed benefits or the security of bond owners.

#### Section 41.

*Section 41. Issuance of Certificates of Indebtedness Based on Assessments for Assessable Improvements; Assessment Bond.—*

(1) The Board of Supervisors may, after any assessments for assessable improvements are made, determined and confirmed as provided in section 40, issue certificates of indebtedness for the amount so assessed against the abutting property or property otherwise benefited, as the case may be, and separate certificates

shall be issued against each part or parcel of land or property assessed, which certificates shall state the general nature of the improvement for which the said assessment is made. Said certificates shall be payable in annual installments or otherwise in accordance with the installments of the special assessments for which they are issued. The Board of Supervisors may determine the interest to be borne by such certificates at a rate no greater than six (6) percent per annum, and may sell such certificates at either private or public sale and determine the form, manner of execution and other details of such certificates. Such certificates shall recite that they are payable only from the special assessments levied and collected from the part or parcel of land or property against which they are issued. The proceeds of such certificates may be pledged for the payment of principal of and interest on any revenue bonds or general obligation bonds issued to finance in whole or in part such assessable improvement, or, if not so pledged, may be used to pay the cost or part of the cost of such assessable improvements.

(2) The District may also issue assessment bonds or other obligations payable from a special fund into which such certificates of indebtedness referred to in the preceding paragraph may be deposited; or, if such certificates of indebtedness have not been issued, the District may assign to such special fund for the benefit of the holders of such assessment bonds or other obligations, or to a trustee for such bondholders, the assessment liens provided for in section 40, unless such certificates of indebtedness or assessment liens have been theretofore pledged for any bonds or other obligations authorized hereunder. In the event of the creation of such special fund and the issuance of such assessment bonds or other obligations, the proceeds of such certificates of indebtedness or assessment liens deposited therein shall be used only for the payment of the assessment bonds or other obligations issued as provided in this section. The District is hereby authorized to covenant with the holders of such assessment bonds or other obligations that it will diligently and faithfully enforce and collect all the special assessments and interest and penalties thereon for which such certificates of indebtedness or assessment liens have been deposited in or assigned to such fund, and to foreclose such assessment liens so assigned to such special fund or represented by the certificates of indebtedness deposited in said special fund, after such assessment liens have become delinquent, and deposit the proceeds derived from such foreclosure, including interest and penalties, in such special fund, and to make any other covenants deemed necessary or advisable in order to properly secure the holders of such assessment bonds or other obligations.

(3) The assessment bonds or other obligations issued pursuant to this section shall have such dates of issue and maturity as shall be deemed advisable by the Board of Supervisors, provided, however, that the maturities of such assessment bonds or other obligations shall not be more than two (2) years after the due date of the last installment which will be payable on any of the special assessments for which such assessment liens, or the certificates of indebtedness representing such assessment liens, are assigned to or deposited in such special fund.

(4) Such assessment bonds or other obligations issued under this section shall bear interest at not exceeding six (6) percent

per annum, shall be executed, shall have such provisions for redemption prior to maturity, shall be sold in the manner and be subject to all of the applicable provisions contained in this Act for revenue bonds, except as the same may be inconsistent with the provisions of this section.

(5) All assessment bonds or other obligations issued under the provisions of this Act, except certificates of indebtedness issued against separate lots or parcels of land or property as provided in this section, shall be and constitute and have all the qualities and incidents of negotiable instruments under the law merchant and the laws of the State.

**Section 42.**

**Section 42. *Issuance of Bond Anticipation Notes.***—In addition to the other powers provided for in this Act and not in limitation thereof, the District shall have the power, at any time and from time to time after the issuance of any bonds of the District shall have been authorized, to borrow money for the purposes for which such bonds are to be issued in anticipation of the receipt of the proceeds of the sale of such bonds and to issue bond anticipation notes in a principal amount not in excess of the authorized maximum amount of such bond issue. Such notes shall be in such denomination or denominations, bear interest at such rate or rates not in excess of six (6) percent per annum, mature at such time or times not later than five (5) years from the date of issuance, be renewable for an additional term or terms in the aggregate not in excess of five (5) years from the date of first renewal, and be in such form and executed in such manner as the Board of Supervisors shall prescribe. Such notes may be sold at either public or private sale, or if such notes shall be renewal notes, may be exchanged for notes then outstanding on such terms as the Board of Supervisors shall determine. Such notes shall be paid from the proceeds of such bonds when issued. The Board of Supervisors may in its discretion, in lieu of retiring the notes by means of bonds, retire them by means of current revenues or from any taxes or assessments levied for the payment of such bonds, but in such event a like amount of the bonds authorized shall not be issued.

**Section 43.**

**Section 43. *Short Term Borrowings.***—The District at any time may obtain loans, in such amount and on such terms and conditions as the Board of Supervisors may approve, for the purpose of paying any of the expenses of the District or any costs incurred or that may be incurred in connection with any of the projects of the District, which loans shall have a term not exceeding two (2) years from the date of issuance thereof, and may be renewable for a like term or terms, shall bear interest in any amount not in excess of six (6) percent per annum, and may be payable from and secured by a pledge of such funds, revenues, taxes and assessments as the Board of Supervisors may determine. For the purpose of defraying such costs and expenses, the District may issue negotiable notes, warrants or other evidences of debt signed on behalf of the District by any one of the Board of Supervisors duly authorized by the Board, such notes or other evidences of indebtedness to be payable at such times, to bear interest at a rate not exceeding six (6) percent per annum and to be sold or discounted at such price or prices and on such terms as the Board may deem advisable. The Board shall have the right to provide for the payment thereof by pledging the whole or any part of the funds, revenues, taxes

and assessments of the District. The approval of the qualified electors who are freeholders residing in the District shall not be necessary except where required by the Constitution.

**Section 44. *Trust Agreements.***—In the discretion of the Board of Supervisors, any issue of bonds may be secured by a trust agreement by and between the District and a corporate trustee or trustees, which may be any trust company or bank having the powers of a trust company within or without the State. The resolution authorizing the issuance of the bonds or such trust agreement may pledge the revenues to be received from any projects of the District and may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as the Board of Supervisors may approve, including without limitation covenants setting forth the duties of the District in relation to the acquisition, construction, reconstruction, improvement, maintenance, repair, operation and insurance of any projects, the fixing and revising of the rates, fees, tolls, fares and charges, and the custody, safeguarding and application of all moneys, and for the employment of counselling engineers in connection with such acquisition, construction, reconstruction, improvement, maintenance, repair or operation. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as a depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the District. Such resolution or trust agreement may set forth the rights and remedies of the bondholders and of the trustee, if any, and may restrict the individual right of action by bondholders. The Board of Supervisors may provide for the payment of the proceeds of the sale of the bonds and the revenues of any project to such officer, board or depository as it may designate for the custody thereof, and for the method of disbursement thereof with such safeguards and restrictions as it may determine. All expenses incurred in carrying out the provisions of such resolution or trust agreement may be treated as part of the cost of operation of the project to which such trust agreement pertains.

**Section 44.**

**Section 45. *Sale of Bonds.***—Bonds may be sold in blocks or installments at different times, or an entire issue or series may be sold at one time. Bonds may be sold at public or private sale after such advertisement, if any, as the Board of Supervisors may deem advisable but not in any event at less than ninety-five (95) percent of the par value thereof, together with accrued interest thereon. Bonds may be sold or exchanged for refunding bonds. Special assessment and revenue bonds may be delivered as payment by the District of the purchase price or lease of any project or part thereof, or a combination of projects or parts thereof, or as the purchase price or exchanged for any property, real, personal or mixed, including franchises, or services rendered by any contractor, engineer or other person, all at one time or in blocks from time to time, in such manner and upon such terms as the Board of Supervisors in its discretion shall determine. The price or prices for any bonds sold, exchanged or delivered may be (a) the money paid for the bonds, (b) the principal amount, plus accrued interest to the date of redemption or exchange, of outstanding obligations exchanged for refunding bonds, (c) in the case of special assessment or revenue bonds, the amount of any indebtedness to contractors or other

persons paid with such bonds, or the fair value of any properties exchanged for the bonds, as determined by the Board of Supervisors.

Section 46. *Authorization and Form of Bonds.*—Bonds may be authorized by resolution or resolutions of the Board of Supervisors which shall be adopted by a majority of all of the members thereof then in office. Such resolution or resolutions may be adopted at the same meeting at which they are introduced, and need not be published or posted. The Board of Supervisors may by resolution authorize the issuance of bonds, fix the aggregate amount of bonds to be issued, the purpose or purposes for which the moneys derived therefrom shall be expended, the rate or rates of interest, which shall not exceed six (6) percent per annum, the denomination of the bonds, whether or not the bonds are to be issued in one or more series, the date or dates thereof, the date or dates of maturity, which shall not exceed forty (40) years from their respective dates of issuance, the medium of payment, the place or places within or without the State where payment shall be made, registration privileges, redemption terms and privileges (whether with or without premium), the manner of execution, the form of the bonds including any interest coupons to be attached thereto, the manner of execution of bonds and coupons, and any and all other terms, covenants and conditions thereof, and the establishment of reserve or other funds. Such authorizing resolution may further provide that such bonds may be executed manually or by engraved, lithographed or facsimile signature, provided that where signatures are engraved, lithographed or facsimile no bond shall be valid unless countersigned by a registrar or other officer designated by appropriate resolution of the Board of Supervisors. The seal of the District may be affixed, lithographed, engraved or otherwise reproduced in facsimile on such bonds. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery.

## Section 47.

Section 47. *Increase in Maximum Allowable Interest on District Bonds.*—Anything in this Act or the laws of the State to the contrary notwithstanding, if at any time and from time to time the general laws of the State of Florida permit the counties, municipalities or political subdivisions of the State, or any of them, to issue general obligation, revenue, assessment or other bonds bearing interest in an amount or at a rate in excess of six (6) percent per annum, then the maximum allowable interest on any bonds of the District that may be issued during the effective period of such general law shall be the maximum amount or rate permitted under such general law.

## Section 48.

Section 48. *Interim Certificates; Replacement Certificates.*—Pending the preparation of definitive bonds, the Board of Supervisors may issue interim certificates or receipts or temporary bonds, in such form and with such provisions as the Board of Supervisors may determine, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Board of Supervisors may also provide for the replacement of any bonds which shall become mutilated or be lost or destroyed.

Section 49. *Negotiability of Bonds.*—Any bond issued under this Act and any interim certificate, receipt or temporary bond shall, in the absence of an express recital on the face thereof that it is nonnegotiable, be fully negotiable and shall be and constitute negotiable instruments within the meaning and for all purposes of the law merchant and the laws of the State of Florida.

Section 49.

Section 50. *Defeasance.*—The Board of Supervisors may make such provision with respect to the defeasance of the right, title and interest of the holders of any of the bonds and obligations of the District in any revenues, funds or other properties by which such bonds are secured as the Board deems appropriate and, without limitation on the foregoing, may provide that when such bonds or obligations become due and payable or shall have been called for redemption, and the whole amount of the principal and the interest and premium, if any, due and payable upon the bonds or obligations then outstanding shall be paid, or sufficient moneys or direct obligations of the United States Government the principal of and the interest on which when due will provide sufficient moneys, shall be held or deposited in trust for such purpose, and provision shall also be made for paying all other sums payable in connection with such bonds or other obligations, then and in such event the right, title and interest of the holders of the bonds in any revenues, funds or other properties by which such bonds are secured shall thereupon cease, determine and become void, and the Board of Supervisors may apply any surplus in any sinking fund established in connection with such bonds or obligations and all balances remaining in all other funds or accounts other than money held for the redemption or payment of the bonds or other obligations to any lawful purpose of the District as the Board of Supervisors shall determine.

Section 50.

Section 51. *Bonds as Legal Investment or Security.*—Notwithstanding any provisions of any other law to the contrary, all bonds issued under the provisions of this Act shall constitute legal investments for savings banks, banks, trust companies, insurance companies, executors, administrators, trustees, guardians, and other fiduciaries, and for any board, body, agency, instrumentality, county, municipality or other political subdivision of the State, and shall be and constitute securities which may be deposited by banks or trust companies as security for deposits of state, county, municipal or other public funds, or by insurance companies as required or voluntary statutory deposits.

Section 51.

Section 52. *Agreements with the Florida Development Commission and Others.*—The Board of Supervisors shall have the power to retain and enter into agreements with fiscal agents, financial advisers, the Florida Development Commission, engineers and other consultants or advisers with respect to the issuance and sale of any bonds, and the cost and expense thereof may be treated as part of the cost and expense of such project. Upon request of the Board of Supervisors, the Florida Development Commission may provide such technical assistance or other services relating to bond issues as may be necessary or desirable under the circumstances.

Section 52.

Section 53. *Covenants.*—Any resolution authorizing the issuance of bonds may contain such covenants as the Board of

Section 53.

Supervisors may deem advisable and all such covenants shall constitute valid and legally binding and enforceable contracts between the District and the bondholders, regardless of the time of issuance thereof. Such covenants may include, without limitation, covenants concerning the disposition of the bond proceeds, the use and disposition of project revenues, the pledging of revenues, taxes and assessments, the obligations of the District with respect to the operation of the project and the maintenance of adequate project revenues, the issuance of additional bonds, the appointment, powers and duties of trustees and receivers, the acquisition of outstanding bonds and obligations, restrictions on the establishing of competing projects or facilities, restrictions on the sale or disposal of the assets and property of the District, the priority of assessment liens, the priority of claims by bondholders on the taxing power of the District, the maintenance of deposits to assure the payment of revenues by users of District facilities and services, the discontinuance of District services by reason of delinquent payments, acceleration upon default, the execution of necessary instruments, the procedure for amending or abrogating covenants with the bondholders, and such other covenants as may be deemed necessary or desirable for the security of the bondholders.

**Section 54.**

*Section 54. Validity of Bonds; Validation Proceedings.*—(1) Any bonds issued by the District shall be incontestable in the hands of bona fide purchasers or holders for value and shall not be invalid because of any irregularity or defects in the proceedings for the issue and sale thereof. Prior to the issuance of any bonds, the District may, but is not required to, publish a notice at least once in a newspaper or newspapers published or of general circulation in Orange and Osceola Counties, stating the date of adoption of the resolution authorizing such obligations, the amount, maximum rate of interest and maturity of such obligations, and the purpose in general terms for which such obligations are to be issued, and further stating that any action or proceeding questioning the validity of such obligations or of the proceedings authorizing the issuance thereof, or of any covenants made therein, must be instituted within twenty (20) days after the first publications of such notice, or the validity of such obligations, proceedings and covenants shall not be thereafter questioned in any court whatsoever. If no such action or proceeding is so instituted within such twenty (20) day period then the validity of such obligations, proceedings and covenants shall be conclusive, and all persons or parties whatsoever shall be forever barred from questioning the validity of such obligations, proceedings or covenants in any court whatsoever.

(2) The power of the District to issue bonds under the provisions of this Act may be determined and any of the bonds of the District may be validated and confirmed by circuit court decree, under the provisions of chapter 75, Florida Statutes, and laws amendatory thereof or supplementary thereto.

**Section 55.**

*Section 55. Within Act Furnishes Full Authority for Issuance of Bonds.*—This Act constitutes full and complete authority for the issuance of bonds and the exercise of the powers of the District provided herein. No procedures or proceedings, publications, notices, consents, approvals, orders, acts or things by the Board of Supervisors, or any board, officers, commission,

department, agency or instrumentality of the District, other than those required by this Act, shall be required to issue any bonds or to do any act or perform anything under this Act, and the issuance or sale of bonds pursuant to the provisions of this Act need not comply with the requirements of any other law applicable to the issuance or sale of bonds, except as otherwise provided in this Act, and shall not require the consent or approval of the board of drainage commissioners of the State of Florida or of any other board, officers, commission, department, agency or instrumentality of the State of Florida or any political subdivision thereof. Except as otherwise provided herein, no proceedings or procedures of any character whatever shall be necessary or required for the issuance of bonds other than the adoption of an appropriate resolution by the Board of Supervisors as provided in this Act with respect to the issuance of the same. The powers conferred by this Act on the District with respect to the issuance and sale of bonds shall be in addition and supplemental to the powers conferred by any other law.

Section 56. *Pledge by the State of Florida to the Bond Holders of the District and to the Federal Government.*—The State of Florida pledges to the holders of any bonds issued under this Act that it will not limit or alter the rights of the District to own, acquire, construct, reconstruct, improve, maintain, operate or furnish the projects or to levy and collect the taxes, assessments, rentals, rates, fees, tolls, fares and other charges provided for herein and to fulfill the terms of any agreement made with the holders of such bonds or other obligations, that it will not in any way impair the rights or remedies of the holders, and that it will not modify in any way the exemption from taxation provided in the Act, until all such bonds together with interest thereon, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The State of Florida pledges to and agrees with the Federal Government that in the event the Federal Government or any agency or authority thereof shall construct or contribute any funds, materials or property for the construction, acquisition, extension, improvement, enlargement, maintenance, operation or furnishing of any of the projects of the District, or any part thereof, the State will not alter or limit the rights and powers of the District in any manner which would be inconsistent with the continued maintenance and operation of such project, or any part thereof, or the improvement thereof, or which would be inconsistent with the due performance of any agreements between the District and the Federal Government, and the District shall continue to have and may exercise all powers herein granted so long as the Board of Supervisors may deem the same necessary or desirable for the carrying out of the purposes of this Act and the purposes of the Federal Government in the construction, acquisition, extension, improvement, enlargement, maintenance, operation or furnishing of any of the projects of the District, or any part thereof.

Section 56.

Section 57. *Agreements with Municipalities within the District for the Joint Discharge of Common Functions.*—The Board of Supervisors of the District and the governing bodies of any one or more municipalities located wholly or partly within the District, whether now in existence or hereafter created, are

Section 57.

authorized to enter into and carry into effect contracts and agreements relating to the common powers, duties and functions of the Board of Supervisors and other officers, agents and employees of the District, and the respective governing bodies of one or more such municipalities, and their respective officers, agents and employees, to the end that there may be effective cooperation between and coordination of the efforts of such municipalities and the District in discharging their common functions, powers and duties and in rendering services to the respective residents and property owners of such municipalities and the District. The Board of Supervisors of the District and the governing bodies of one or more such municipalities are further authorized to enter into and carry into effect contracts and agreements for the performance of any of their common functions, powers and duties by a central agency or common agent of the contracting parties.

**Section 58.**

*Section 58. Cooperation Agreements with the State, Counties and Municipalities.—*

(1) The State of Florida and the counties, municipalities and other political subdivisions and public bodies and agencies thereof, or any of them, whether now existing or hereafter created, are authorized to aid and cooperate with the District in carrying out any of the purposes and projects of the District, to enter into cooperation agreements with the District, to provide in any such cooperation agreement for the making of loans, gifts, grants or contributions to the District and the granting and conveyance to the District of real or personal property of any kind or nature, or any interest therein, for the carrying out of the purposes and projects of the District, to covenant in any such cooperation agreement to pay all or any part of the costs of acquisition, construction, reconstruction, extension, improvement, operation and maintenance of any of the projects of the District, and to pay all or any part of the principal and interest on any bonds of the District and all or any part of the deposits required to be made into any reserve, renewal and replacement or other funds created and established by the indenture, resolution, deed of trust or other instrument securing such bonds.

(2) The State of Florida and the counties, municipalities and other political subdivisions and public bodies and agencies thereof, or any of them, whether now existing or hereafter created, and the District created by this Act, are further authorized to enter cooperative agreements to provide for the furnishing by the District to the State or any county, municipality or other political subdivision or public body or agency thereof of any of the facilities and services of the District, or by the State or any county, municipality or other political subdivision or public body or agency thereof to the District and to persons, firms or corporations within the District of facilities and services of the type that the District is authorized to furnish or undertake, or such other facilities and services as may be determined necessary or desirable by the Board of Supervisors for the carrying out of the purposes of this Act, all on such terms and conditions as the Board of Supervisors may deem appropriate. Without limitation on the foregoing, such cooperation agreements may provide for the furnishing by any county, municipality or other political subdivision of fire and police protection for the District and persons and property within the District, and for the pro-

viding to the District of any services deemed necessary or desirable by the Board of Supervisors for the proper functioning of the District.

(3) Without limitation of the foregoing, the Board of Supervisors may undertake and finance any of the projects of the District, in whole or in part, jointly with the City of Bay Lake, the City of Reedy Creek, or any other municipality, now existing or hereafter created, or in any other manner combine the projects of the District with the projects of such municipality or municipalities, on such terms and conditions as the Board of Supervisors shall approve, and the provisions of this Act, including without limitation the provisions for the financing of District projects through bond issues, shall be applicable to such projects.

(4) Any agreement of the type authorized by this section may be made and entered into pursuant to this Act for such time or times, not exceeding forty (40) years, as shall be agreed by the parties thereto or for such longer time as any bonds of any of the contracting parties, including refunding bonds, remain outstanding and unpaid, and may contain such details, terms, provisions and conditions as shall be agreed upon by the parties thereto. Any such agreement may be made and entered into for the benefit of the holders of any bonds of the District as well as the parties thereto and in such event shall be enforceable in any court of competent jurisdiction by the holders of any such bonds or of the coupons appertaining thereto.

Section 59. *Contracts, Grants and Contributions.*—The District shall have the power to make and enter all contracts and agreements necessary or incidental to the performance of the functions of the District and the execution of its powers, and to contract with, and to accept and receive grants or loans of money, material or property from, any person, private or public corporation, the State of Florida or any agency or instrumentality thereof, any county, municipality or other political subdivision, or any agency, instrumentality or corporation of or created by the United States of America, or the United States of America, as the Board of Supervisors shall determine to be necessary or desirable to carry out the purposes of this Act, and in connection with any such contract, grant or loan to stipulate and agree to such covenants, terms and conditions as the Board of Supervisors shall deem appropriate.

Section 59.

Section 60. *Tax Exemption.*—As the exercise of the powers conferred by this Act to effect the purposes of this Act constitute the performance of essential public functions, and as the projects of the District will constitute public property used for public purposes, all assets and properties of the District, and all bonds issued hereunder and interest paid thereon, and all fees, charges and other revenues derived by the District from the projects provided for by this Act shall be exempt from all taxes by the State or by any political subdivision, agency or instrumentality thereof, provided, however, that nothing in this act shall be deemed to exempt from taxation any property, project, facility business activity or enterprise that cannot validly be undertaken as a public function by special taxing districts or other public bodies under the laws and Constitution of the State of Florida, and provided further, that nothing in this act shall

Section 60.

- be deemed to exempt any property, project, facility or business activity or enterprise of the District, or revenues derived therefrom, which would be subject to taxation under the general laws of the State of Florida if such property, project or facility were owned or undertaken by a municipal corporation.
- Section 61.**      *Section 61. Suits Against the District.*—No suit or action shall be brought or maintained against the District for damages arising out of tort or breach of contract, including without limitation any claim arising upon account of an act causing a wrongful death, unless written notice of such claim is within ninety (90) days after receiving the alleged injury given to the Secretary of the Board of Supervisors, with detailed specifications as to the time, place and manner of injury. No such suit or action shall be brought or maintained unless brought within twelve (12) months from the time of the injury or damages.
- Section 62.**      *Section 62. Action Taken on Consent of Landowners.*—Any action required under this Act or under chapter 298, Florida Statutes, to be taken on notice to the landowners of the District and on public hearing for the purpose of receiving and passing on objections by landowners may be taken without such notice or hearing upon the written consent of all of the landowners affected by such action.
- Section 63.**      *Section 63. Posting of Notice in Lieu of Publication.*—In the event that at any time or from time to time no newspaper or newspapers shall be published or of general circulation in Orange or Osceola Counties, as the case may be, any notice required by this Act or under any other law to be published in such newspaper or newspapers may be published by posting such notice in at least ten (10) different public places within the District.
- Section 64.**      *Section 64. Changing Boundary Lines; Annexation and Exclusion of Lands; Creation of Municipalities Within the Territorial Limits of the District; Limitations on the Furnishing of Services Within Annexed Areas.*—
- (1) The Board of Supervisors may at any time strike out or correct the description of any land within or claimed to be within the boundary lines of the District upon the consent in writing of the owners of all of the land that would be included or excluded from the boundary lines of the District or otherwise affected by the taking of such action, and of the owners of not less than a majority in acreage of all the lands within the District. The Board of Supervisors may enlarge the territorial limits of the District to include any lands not then within the District (a) upon the written consent of the owners of all of the land to be included in the District and of not less than a majority in acreage of all the land then within the District, or (b) by resolution of the Board of Supervisors approved at a special election called for such purpose, by vote of a majority of the freeholders residing within the area to be annexed and a majority of the freeholders residing within the District. The Board of Supervisors may contract the territorial limits of the District so as to exclude from the District any land then within the District (a) upon the written consent of the owners of all of the land to be so excluded and of the owners of not less than a majority in acreage of all the land then within the District, or

(b) by resolution of the Board of Supervisors approved at a special election called for such purpose, by vote of a majority of the freeholders residing within the area to be excluded and a majority of the freeholders residing within the District, or  
(c) by resolution of the Board of Supervisors approved by the owners of not less than a majority in acreage of the land within the District.

(2) Land (including property situated thereon) added to the District in the manner hereinabove provided shall from the time of its inclusion within the District be subject to all of the taxes and assessments thereafter levied and assessed on other land or property of the District similarly situated. Land or property excluded from the District in the manner hereinabove provided shall from the date of such exclusion be exempt from taxes or assessments thereafter imposed by the District but shall not be exempt from any taxes or assessment theretofore levied and due with respect to such land or property, or from subsequent installments of taxes or assessments theretofore levied or assessed with respect thereto, and such taxes or assessments may be enforced and collected by or on behalf of the District in the same manner as if such land or property continued to be within the territorial limits of the District.

(3) The Board of Supervisors for and in behalf of the District shall have the right to file a petition in the Circuit Court for the Ninth Circuit, praying the court to amend its former decree incorporating the District by correcting the names of the landowners, by striking out any such names, by adding, striking out or correcting the description of any land within or alleged to be within the boundary lines of the District, or in any manner amend its decree. Said petition may ask permission of the court to amend or change the plan of reclamation adopted with respect to the District, or to correct any errors, omissions or other mistakes that have been discovered in the plan of reclamation, or may ask that the boundary lines of the District be extended so as to include lands not described by, or included in, the petition and decree of the court incorporating the District. The proceedings on such petition shall be in accordance with the provisions of section 298.07, Florida Statutes, and amendments thereto, provided, however, that the court shall have no jurisdiction or power in any proceeding under section 298.07 to terminate the existence of the District or to limit or alter the rights, powers and authorities of the District provided in this Act.

(4) Any owner of land located within the geographic limits of the District may not later than sixty (60) days following the effective date of this Act make written application to the Board of Supervisors of the District to have the land of such owner excluded from the boundaries of the District, and in the event of such written application made within such sixty-day period, the Board of Supervisors shall exclude the land of such owner from the District and revise the boundaries thereof accordingly. Any taxes theretofore levied on such excluded lands by the Board of Supervisors shall be of no further force and effect with respect to such lands and shall not constitute a lien on such lands, and any such tax theretofore collected with respect to such lands shall be refunded. No such application under this

subsection shall be granted if made later than sixty (60) days after the effective date of this Act.

(5) Nothing in this section shall permit the annexation or exclusion of lands contrary to the terms, covenants or conditions of any of the bonds or obligations of the District, or in any manner that would impair the security of the holders of any bonds or other obligations of the District.

(6) No village, town, city or other municipal corporation having any of the powers or authorities of the District, or any like powers or authorities, shall hereafter be organized or established by any proceedings under the general laws of the State if upon such organization or establishment the territorial limits of such municipal corporation would lie wholly or partly within the territorial boundaries of the District, except upon the consent in writing given by a majority in acreage of the owners of the lands within the District proposed to be so incorporated within such municipality, and no land within the territorial boundaries of the District shall be annexed to or incorporated by any proceeding under any general or special law, now or hereafter enacted, into any village, town, city or other municipal corporation, now existing or hereafter created, except upon the consent in writing given by the owners of a majority in acreage of the lands within the District to be so annexed or incorporated.

(7) In the event that the territorial boundaries of the District, as set forth in section 1 of this Act, are revised so as to include within the District any areas not presently contained within the District, the District shall not engage in the business of furnishing telephone service in such annexed area unless the District (i) obtains from the Florida public service commission a certificate of convenience and necessity authorizing the District to offer telephone service in such annexed area, and (ii) offers to purchase from any telephone company that is at the time engaged in the business of furnishing telephone service within such annexed area such portion of its plant and property suitable and used for such business in connection therewith as lies within the limits of such annexed area, in a manner consistent with the provisions of section 172.09, Florida Statutes, and amendments thereto, for determining the price thereof;

(8) In the event that the territorial boundaries of the District, as set forth in section 1 of this Act, are revised so as to include within the District any areas not presently contained within the District, the District shall not engage in the business of furnishing electric power for sale in such annexed area, unless the District shall offer to purchase from any person, firm or corporation that is at the time engaged in the business of making, generating or distributing electricity for sale within such annexed area such portion of its electric plant and property suitable and used for such business in connection therewith as lies within the limits of such annexed area, in a manner consistent with the provisions of section 172.09, Florida Statutes, and amendments thereto, for determining the price thereof.

**Section 65.**

**Section 65. Construction of District Projects.**—The Legislature hereby finds and declares that in order to accomplish the purposes of this Act, and in view of the novel and experimental nature of projects that the District is authorized to undertake,

it is essential that the Board of Supervisors have discretion and authority with respect to the manner in which the construction of the projects of the District, including, but not by way of limitation, projects financed by District bonds, taxes or assessments, shall be undertaken. The Board of Supervisors shall have power and authority to acquire, construct, reconstruct, extend, repair, improve, maintain and operate any of the projects of the District, and to that end to employ contractors, to purchase machinery, to employ men to operate the same, and directly to have charge of and construct the projects of the District in such manner as the Board of Supervisors may determine. The District may undertake any construction work with its own resources, without public advertisement for bids. The Board of Supervisors in its discretion may, but shall not be required to, let contracts for the projects of the District, either as a whole or in sections, with or without public advertising and the receiving of bids, all on such terms and conditions as the Board of Supervisors may deem appropriate. In the event the Board of Supervisors advertises and receives bids, the Board of Supervisors shall let the contract to the lowest responsible bidder, provided, however, that the Board of Supervisors may in its discretion reject any and all bids.

Section 66. *Interest of Board Members in Contracts.*—No member of the Board of Supervisors shall be deemed to have an interest in any contract of the District with any public or private corporation by reason of the fact that such supervisor is a director, officer, employee or non-controlling stockholder of such a corporation. Contracts of the District with any such public or private corporation shall not be invalid or unenforceable by reason of such interest, and no supervisor shall be disqualified from voting or otherwise acting upon such contract as a member of the Board of Supervisors by reason of such interest, provided that each member of the Board of Supervisors shall have submitted to the Board of Supervisors a statement of his interest in such corporation prior to the approval or authorization of the contract by the District. Such statement shall be maintained as part of the permanent record book of the District for as long as such contract continues in effect and for not less than one (1) year thereafter.

Section 66.

Section 67. *Enforcement and Penalties.*—

(1) The Board of Supervisors or any aggrieved person may have recourse to such remedies in law and equity as may be necessary to ensure compliance with the provision of this Act, including injunctive relief to enjoin or restrain any person violating the provisions of this Act, and any by-laws, resolutions, regulations, rules, codes and orders adopted under this Act, and the court shall, upon proof of such violation, have the duty to issue forthwith such temporary and permanent injunctions as are necessary to prevent such further violation thereof. In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted or maintained, or any building, structure, land or water is used, in violation of this Act, or of any code, order, resolution or other regulation made under authority conferred by this Act or under law, the Board of Supervisors and any person residing in the District may institute any appropriate action or proceeding to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion,

Section 67.

maintenance or use, to restrain, correct or avoid such violation, to prevent the occupancy of such building, structure, land or water, and to prevent any illegal act, conduct, business or use in or about such premises, land or water.

(2) Any person violating the provisions of this Act or who shall fail to abide by and obey any of the by-laws, resolutions, regulations, rules, codes and orders adopted under this Act shall be guilty of a misdemeanor. Each day that the violation shall continue shall constitute a separate violation.

(3) It shall be unlawful and a misdemeanor for the owner of any land subject to this Act, or his agent, or other persons, to advocate, propose, suggest, use or exhibit a map, plat, survey or plan of subdivision or development of land except in conformity with this Act and the rules and regulations of the Board of Supervisors.

**Section 68.**

Section 68. *Investment of Funds.*—The Board of Supervisors may in its discretion invest funds of the District in (1) direct obligations of or obligations guaranteed by the United States of America or for the payment of the principal and interest of which the faith and credit of the United States is pledged; (2) bonds or notes issued by any of the following Federal agencies: Bank for Cooperatives; Federal Intermediate Credit Banks; Federal Home Loan Bank System; Federal Land Banks; or the Federal National Mortgage Association (including debentures or participating certificates issued by such Association); (3) public housing bonds issued by public housing authorities and secured by a pledge of annual contributions under an annual contribution contract or contracts with the United States of America; (4) bonds or other interest-bearing obligations of any county, district, city or town located in the State of Florida for which the full faith and credit of such political subdivision is pledged; or (5) any investment authorized for insurers by sections 625.0105 through 625.0115, Florida Statutes, inclusive, and amendments thereto.

**Section 69.**

Section 69. *Fiscal Year of the District.*—The Board of Supervisors has the power to establish and from time to time redetermine the fiscal year of the District. Unless the Board of Supervisors otherwise provides, the District shall be on a calendar fiscal year.

**Section 70.**

Section 70. *Severability of Provisions.*—If any section, clause, sentence or provision of this Act, or the application of such section, clause, sentence or provision to any person or bodies or under any circumstances shall be held to be inoperative, invalid or unconstitutional, the invalidity of such section, clause, sentence or provision shall not be deemed, held or taken to affect the validity or constitutionality of any of the remaining parts of this Act, or the application of any of the provisions of this Act to persons, bodies or in circumstances other than those as to which it or any part thereof shall have been held inoperative, invalid or unconstitutional, and it is intended that this Act shall be construed and applied as if any section, clause, sentence or provision held inoperative, invalid or unconstitutional had not been included in this Act.

**Section 71.**

Section 71. *Liberal Construction.*—The provisions of this Act shall be liberally construed to effect its purposes and shall be
