

APPLICATION FOR SWIMMING POOL CONSTRUCTION PERMIT

(Must be used in conjunction with standard RCID "Application for Permit")

Pool/Project Name: _____

Pool/Project Address: _____ City: _____ County: _____

Pool Type: New Conventional Outdoor Water Recreation Attraction:
 Modification Spa Indoor Water Slide/Plunge Pool Zero Depth Entry Pool
 Resurfacing Wading Water Activity Pool Special Purpose Pool
 Heater Replacement Wave Pool Interactive Water Feature
 Accessibility Lift River Ride

No. of Units Served: _____ No. of Stories: _____ Distance of Farthest Unit from Pool: _____ Elevator: Yes No

No. of Sanitary Facilities:	Water Closets	Urinals	Lavatories	Dressing Rooms	Distance from Pool
Male:					
Female:		N/A			

Method of Waste Water Disposal: _____

Pool Volume in Gallons: _____ Bathing Load: _____ Water Source: _____

Dimensions: Width: _____ Area: _____ Depth: Max. _____ Perimeter: _____
 Length: _____ Shape: _____ Depth: Min. _____

Type of Construction Material: Shell: _____ Finish: _____ Color: _____

Equipment Make & Model:

Recirculation Pump: _____ Flow: _____ GPM at _____ TDH _____ (hp)

Filter: _____ Area: _____ (sq. ft.) Flow Capacity: _____

Disinfection Equipment: _____ Capacity: _____ GPD or PPD

pH Adjustment Feeder: _____ Capacity: _____ (GPD)

Test Kit: _____

Heater: _____ BTU: _____

Secondary Treatment Disinfection Systems: _____

Secondary Filtration Systems: _____

Lighting (Check one): No Night Swimming
 Outdoor: Three foot candles overhead and 1/2 watt per square foot of pool surface area underwater
 Indoor: Ten foot candles overhead and 8/10 watt per square foot of pool surface area underwater

The design engineer certifies to the preparation of the engineering documents and agrees to furnish certified operating permit applications upon completion of the project and is authorized to represent the applicant in the engineering features, including monitoring of construction.

Signature: Florida Registered Engineer Date

Type / Print Name Florida Registration #

Phone: _____ Email: _____

Address: _____

City/State/Zip: _____

Florida Engineer Seal

Construction on this project shall be commenced within one year from the date of approval of this application otherwise six (6) months approval extension shall be obtained from The District prior to commencing construction.

This approval is for the functional aspects of this project and is based on the information and data supplied by the applicant or his agent. There may be other local permits, requirements or regulations that must be met prior to the construction of this facility.

Only those applications, plans and specifications that have been stamped by The District are included in this approval. Any changes to these applications, plans or specifications may render this approval null and void.
