

SPECIAL EVENT / TEMPORARY EVENT TRAINING SESSIONS

The Reedy Creek Improvement District (the District), Building & Safety Department and the Fire Prevention team have scheduled the following training sessions to assist customers with the requirements necessary to register with the District's online permitting software, Accela Citizen Access (ACA). The sessions will also explain all the necessary electronic submittals required to be successful in permitting for a Special Event / Temporary Event within the District.

The sessions are scheduled for 30 minutes and held each Friday at 10:00, starting on September 16th. Simply click on the link below to rsvp to the session of your choosing.
